JAPS SWARM INTO SINGAPORE

Normandie Topples Over

New York
Feb. 10 (AP)

Like a great wounded monster, but, somehow, majestic still, the fire-seared and water-logged former French liner Normandie succumbed to the surging tide today and toppled to ignominious rest in Hudson river mud.

Ravaged by flames, a gaping hole cut in her hull in a vain attempt to counteract pressure of the incoming tide, the $60,000,000 vessel rolled over at 2:45 a. m. and now lies on her port side in 40 feet of water, alongside her pier.

The Navy, however, has not abandoned hope of still using the one-time blue ribbon liner. Queried on reports that she was beyond salvage, the public relations office of the third naval district stated:

"The Navy supports no such contention at this time."

As fireboats continued to throw streams of water on the still-burning ship, naval officials planned to meet later in the day to determine what to do with her.

Touched off by sparks from a welder's torch, the flames raged through the naval craft for three and a half hours yesterday before they were brought under control.

Two hundred and twenty of the 2200 workmen and naval personnel aboard suffered injuries, and one welder, Frank Trentacosa, 36, died last night in a hospital of a fractured skull.

MAY BE SALVAGED

Ever so gently, and with scarcely a noise, the 80,000-ton ship—now the U. S. naval auxiliary Lafayette

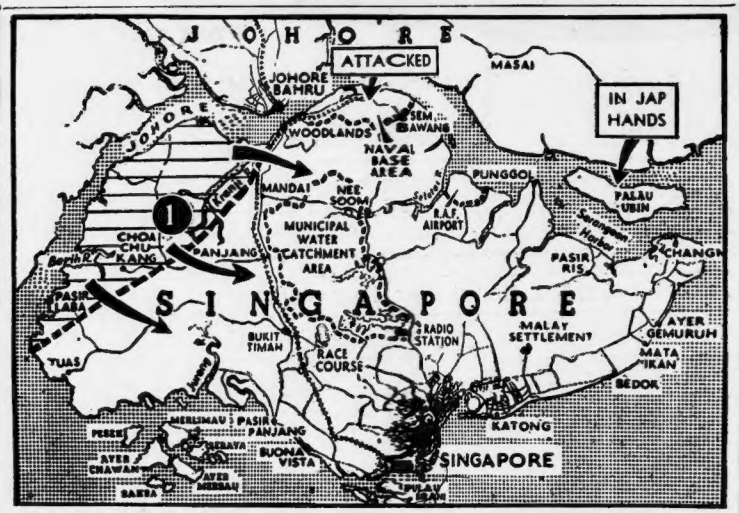
U. S. Missionaries Interned in Hongkong

KWEILIN, Kwangsi Province, China, Feb. 10 (AP)—Chinese Christian refugees from Japanese-occupied Hongkong reported today that American missionaries trapped there when war broke out in the Pacific were interned in the former British Crown colony.

All are reported safe, but suffering from a food shortage.



JAPS 10 MILES FROM CITY—Increased Japanese pressure on the island of Singapore today resulted in a British withdrawal from yesterday's battleline (broken line) . . . and fierce fighting was raging in areas 10 miles from the city of Singapore. The Tokyo radio said the causeway connecting Singapore island with Johore State, blown up by the British, has been repaired and Jap troops and supplies are streaming across it from Johore Bahru . . . and the British admitted the Japs had made two landings slightly west of the causeway. Lined area (1) indicates section of island taken by Japs yesterday.

•OFFICIAL NEWS

By C. YATES McDANIEL

Japanese troops were pouring onto this beleaguered island today and maintaining heavy pressure against battered British imperials who have been forced to fall back before the guns and airplane attacks of the invaders, the British acknowledged.

British headquarters announced officially that the Japanese made further landings on Singapore island during the night, sending reinforcements to the advance guards which had crossed Sunday night and established fighting bases.

The communique also stated that the Japanese were continuing the familiar infiltration tactics by which they forced the British to withdraw time and again in the battle of Malaya.

Singapore governor, Sir Shenton Thomas, told the Straits Settlements legislative council:

"We are all in the hands of God from Whom we can get comfort in our anxieties and strength to play the man and help one another in all the ordeals which are to come."

TERRIFIC DIN OF BATTLE

Throughout last night and early today artillery rumbled from the west. The northern sky was bright with the glow of oil tanks, burning for several days.

The noise of battle intensified after dawn. The drone of Jap dive bombers and the sharper cracks of British anti-aircraft guns could be heard from the sector where the gallant British, Australian and Indian troops were fighting grimly to stem the Japanese advance.

More than once this morning residents heard the whine of machine gun bullets as enemy planes flew low over the outskirts of the city.

The fire glow of last night became a morning pall of gray smoke which hung low over the northern part of the hot island. Above the gray blanket of haze darker smoke billowed upward, forming a great black pillar which dominated the scene of battle.

The British announced there had been "some further withdrawal of our forces" in spite of stubborn resistance.

"During last night the enemy succeeded in making further landings on the island in the area between Sungei Mandai and

BULLETIN

LONDON, Feb. 10 (AP)—The situation at Singapore is so grave that it is possible the Japanese have infiltrated into the city itself and attacked the radio station there, an informed British source said today. Reuters, which has kept constantly tuned to the Singapore station, said it went off the air at 12:30 London time.

JAPS LAND ON MACASSAR IN JAVA PUSH

Batavia, N. E. I.
Feb. 10 (AP)

•OFFICIAL NEWS

The Japs' thrust toward Java, wealthiest and most vital part of the Dutch East Indies islands, intensified today as the invaders put new landing forces ashore near Macassar, on the southeast arm of Celebes, and were reported driving on Bandjermasin, chief port on the south coast of Borneo.

In each case the Japanese were striking for footholds within easy bomber range of the important United Nations naval base at Soerabaja. Macassar is 500 miles

MacARTHUR'S SCORE IS 163 JAP PLANES

International News Service Staff Correspondent

Reporting that a total of 163 Japanese planes had been destroyed in the Philippines since the outbreak of the war, Gen. Douglas MacArthur today informed the War Department that his American-Filipino troops had inflicted "heavy casualties" on the enemy invaders "in particularly savage" fighting in the last 24 hours.

During the battle, MacArthur said, seven enemy planes were shot out of the skies.

The War Department said that in addition to the 163 Jap planes "positively destroyed." Many others also are believed to have been destroyed.

The communique, however, ominously stressed the overwhelming superiority of the enemy. It disclosed that American island fortifications in Manila Bay are engaging in duels with concealed Japanese batteries which have been blasting defenders for days.

MacArthur also took pains in his latest dispatch to point out that five veteran Japanese divisions are

Hub City Workers 'Buy Bonds For Bombers'

COMMENDS BOMBER CAMPAIGN—Daniel J. Falvey (left), deputy auditor of Boston and president of the City of Boston Employees Credit Union, dictates a letter commending the "Buy a Bomber" campaign to Rita M. Fitchett, union secretary. Edward A. Hoey, treasurer of the credit union, looks on. The union bought $10,000 worth of bonds and pledged them to the bomber campaign.

Boston Evening American Photo

Into the vitals of the Axis enemies went a new $10,000 direct hit today in the great BUY BOMBERS drive.

That was a bulk purchase of DEFENSE SAVINGS BONDS by the City of Boston Employees Credit Union in a quick response to the campaign undertaken by the Boston Record-American and Sunday Advertiser, in co-operation with the Treasury Department's Defense Savings Staff of Massachusetts.

This purchase of FAITH IN AMERICA by the Boston city employes followed quickly on the heels of pledges for $100,000 worth of Bonds and Stamp purchases by the Massachusetts State Department, American Legion, and pledges for $10,000 worth by the American Chapels Credit Union.

The outpouring of patriotism is merely preliminary to the flood which is forecast by reports reaching these newspapers concerning the four weeks to come in the drive toward purchase of MASSACHUSETTS VICTORY BOMBERS which has the hearty endorsement of Secretary of the Treasury Morgenthau.

It is a campaign which gives every man, woman and child in the Commonwealth an opportunity to DEFEND AMERICA by giving her the OFFENSIVE AIR STRENGTH needed now.

It is a campaign through which YOUR INVESTED MONEY GOES INTO THE CONSTRUCTION OF PLANES THAT WILL WIN THIS WAR against the enemies of the United States.

It is a campaign in which YOU GIVE NOTHING. Instead, you merely invest. You LEND YOUR MONEY to the government—YOUR GOVERNMENT, WHICH, AFTER ALL, IS YOU.

GET $12,500 BACK

For instance, in the $10,000 purchase of Defense Bonds made today by the City of Boston Employees Credit Union, that organization GAVE THE USE OF ITS FUNDS to the United States.

When kept for the stated period, until maturity, the organization will be able to get back for the $10,000 a total of $12,500—which is an excellent rate of interest.

In notifying the BUY-A-BOMBER EDITOR of its move in STRIKING FOR FREEDOM, the purchase of the bonds through Clerk Josephine Schieb of the Credit Union, President Daniel J. Falvey wrote:

"The City of Boston Employees Credit Union, composed of 7000 city and county employees, in purchasing $10,000 worth of United States Defense Bonds, are proud of the opportunity to participate with other loyal American individuals and groups in the financing of the heavy burden resting upon the Federal Government because of its 'all out' defense program.

"We feel that the combined papers are performing a most commendable service in co-operating with governmental agencies in furthering the sale of United States Defense Bonds and Stamps through the medium of the 'Buy a Bomber' campaign."

ALL CAN PARTICIPATE

Other officials of the Credit Union include Daniel A. Grant, vice-president; John J. Connelly,

GERMANS IN ECONOMIC PEACE DRIVE; POINT TO PERIL IN JAP CONQUEST

By ROBERT E. BRUNNELLE

LONDON, Feb. 10 (AP)—An international cartel of French and German industrialists was reliably reported today to have started organizing a new campaign for a negotiated peace between Germany and the United Nations on business grounds.

These international industrialists, a qualified source said, argued that Japanese conquests in the Pacific with acquisition already of territories rich in natural resources and raw material have put Japan in a position to seize and dominate world markets if the western powers persist in fighting the war to an end.

STRESS CHEAP JAP LABOR

The industrialists were reported pointing a campaign particularly toward the United States with emphasis on the dangers of ading access to raw material to Japan's cheap labor supply.

They are seeking intervention by bankers and manufacturers in other warring nations in the west to permit westerners to reurn to a peace-time economy before the Japanese "get an upper hand in world markets."

This source said Hitler regards the campaign with benign interest because he feels that the worst it can do would be to retard war production of his enemies and dampen the ardor of United States manufacturers who have been sensitive to the "yellow peril."

The new peace move recalled earlier feelers aimed at a separate armistice with Russia when the Soviets were retreating last fall. The Russians flatly rejected the suggestions last Oct. 11.

Observers pointed out that the latest peace trial balloon was carefully timed to take full advantage of the natural feeling of gloom in Allied countries over Pacific area reverses.

JAPS WON'T SUPPLY HITLER

This source said, however, he was informed that the concern of the German and French industrialists over the possibility of Japanese seizure of world markets is real.

It was prompted particularly by the fact that Japan has just informed Germany that, despite the Malayan and Netherlands East Indies successes, Japan will not be in a position to spare raw materials to Germany from these captured areas for at least two years, the informant said.

Japan was said to have insisted that the Dutch scorched earth policy had been so thorough it would be six months before she could get any real benefits from the Indies, and that for a year and a half afterward the raw materials would be nedded by the Japanese themselves.

Brothers, 12 and 13, Plead to Enlist As Water Boys

HUNTINGTON, W. Va.—Two brothers, one 12, the other 13, made earnest application to join the Army "as water boys."

Their reason:

They wanted to aid five brothers already in the armed forces.

Recruiting Sergt. J. J. Francis told them gently, but firmly, they'd have to wait awhile.

Overtime Pay For Fighters in Philippines?

WASHINGTON, Feb. 10 (AP)—Payment of time and one-half for overtime fighting and double time for Sundays for American armed forces in the Philippines was proposed today by Rep. Knutson (R.) of Minnesota.

The extra pay, applicable after the first 40 hours of duty each week, would be given only for "active service under fire."

Hub Fraud Suspect Waives Extradition

Sought for two years by Boston police, Richard C. Guest, alias Harold V. Whitney, 43, of New York, today waived extradition after his arrest in New York and will be returned to Boston to face trial on granad larceny and fraud charges.

Police here hold an indictment charging Guest with larceny of $26,000 from Otto Yetter, 68, retired roofer of Marcella st., Roxbury, in stock transactions.

BUY BONDS FOR BOMBERS

A LETTER TO ALL WHO LOVE THEIR FREEDOM

By AUSTEN LAKE

To Mr. and Mrs. Massachusetts:

Greetings!

No one can bully you into buying bonds for Bombers. No one wishes to! The BUY A BOMBER campaign is an appeal to pure reason, a measure of democratic intelligence and an entreaty to common sense.

The plan is satisfyingly simple. You can buy a bond or defense stamps according to your capacity and conscience. You specify the purchase price shall be devoted to building a bomber. You store your certificates away and wait for their later maturity. In a short time the bomber which your money helps to build will fly over the enemy and drop destruction on his evil horns—as an insurance for YOUR future security.

In time, too, your bond or stamp money will be paid back with interest. Thus your saving is two-fold, (1) the continued right to your American way of life, and (2) a safe reservoir for your private earnings. As an investment it makes sound business sense, apart from consideration of patriotic effort.

That you CAN'T lose, unless the United States fails to win the war. In which case money, in whatever form, won't be worth anything anyhow. The Axis powers will take it all.

That way YOU lose.

TIME FOR BLUNTNESS

So let's begin to talk and DO tough! For the time has come when plain, blunt English, instead of honeyed half-truths and tactful syrup, is the shortest distance to ACTION. The period for mental puttering is past.

What this section of the nation may need before it shakes off its spiritual drowse and comes vitally awake to the consciousness that this is a War to the very DEATH, is a soul-quaking SCARE. For the average citizen of both genders is taking this crisis with the placid philosophy of an attack of dandruff, an annoyance which accumulates on his coat-collar each day and can be brushed off at night.

That is no slur to our Nationalism. It's just an oddity of Homo Sapiens. For the British in their

HUB READY FOR TEST BLACKOUT ON FEB. 17

Air raid wardens, police and all executives charged with wartime safety of Boston's 750,000 residents today perfected plans for the city's first total blackout—scheduled for Feb. 17, from 10 to 10:20 p. m.

The big and long-awaited test applies only to Boston. And it's not a joke or to be taken lightly as violators may learn. Those who fail to comply with all regulations will be liable to a $500 fine or a year in prison.

Just what the test entails in man power to guard the city and enforce regulations can be gathered from figures released by the Boston Public Safety Committee, in charge of the test.

It will enlist the services of 12,000 air wardens, 2000 auxiliary firemen and 2000 policemen on the streets to check on results and see that regulations are observed.

To hide Boston from enemy eyes, lights to be extinguished include 9000 street gas lamps, manually operated; 2300 electric lights, manually operated by 1100 switches and 14,000 electric street lamps on circuits which are operated from half a dozen sub stations and power houses.

The blackout plan was prepared by the City of Boston Committee on Public Safety, of which Mayor Tobin is chairman, and John J. Walsh executive secretary. It has the approval of J. W. Farley, executive director of the Massachusetts Committee on Public Safety.

RATIONING OF RETREADED TIRES, AUTOS AND SUGAR TO BE STARTED BY MARCH 1

Sugar, retreaded tires and motor vehicles will be added to new tires on the rationing list before March 1, it was announced here by Thomas M. Joyce, state tire rationing administrator.

Joyce said he had been notified by Washington to be ready to begin rationing of retreads at any moment. He said the program would be conducted by local boards exactly in the same manner as new tires and new tubes.

Plans for sugar rationing rapidly are nearing completion and will be in operation prior to March 1, he added. Ration booklets are to be issued after a state-wide registration of all persons over 14 years of age.

Within the next few days the "freeze" order on new automobiles is to be lifted and all persons who ordered new cars prior to Jan. 1 can expect delivery. It will be up to the purchaser, however, to prove the machine was ordered before Jan. 1. A bill of sale, transfer of registration or insurance will be necessary, he said.

Rationing of automobiles then will begin Feb. 26, just as soon as the stock of new cars on order are released to owners.

Police Quote Youth's Claim In Girl Attack

SALEM, Feb. 10—Two police officers today quoted Harvey R Court, Jr., 20, of Beckett st., Peabody, as saying Miss Eileen Walsh, 19, Boston nurse, who charges the youth attacked her, did not resist his efforts to disrobe her.

Court is on trial in Superior Court after the former Salem girl charged he forced her to disrobe and then attacked her last July on a Marblehead quarry road.

Chief Inspector Charles T. Duggan of Lynn said Court told him: **"I never hit her" and that when he suggested the girl disrobe she replied, "Yes."**

Court, accordin gto Dugan, said he got a postcard from Miss Walsh the night after the alleged attack.

Police Marshal John T. Harkins of Salem testified Court told him Eileen "was intoxicated, if not roaring drunk" when she telephoned him after an earlier party when she resisted his advances.

"Court told me he went to the phone and that Miss Walsh said: *'Honey, I'm stiff. I'm sorry we had a fight and hope there's no hard feelings. Why can't I see you some time?'"* **Harkins testified.**

The pretty young nurse had said she decided to report the alleged attack early in August after meditating about the incident, in the hope other girls might be spared similar suffering.

AN ERA ENDS---LAST FORD CAR COMPLETED

DETROIT, Feb. 10 (AP)—The war's absorption of the automobile industry became virtually complete today as the last passenger vehicle rolled off the few remaining car assembly lines.

The last passenger units to be assembled were Ford cars, but that was merely a circumstance. Ford, with a heavy program of Army-ordered passenger vehicles, was behind in the war-curtailed production quota and was permitted to continue in production until today.

The Ford assembly lines, in fact, have been turning out just about as many Army cars as civilian units.

Elsewhere the industry's assembly plants already had been denuded of conveyors and production lines in preparation for expanding the war implement production.

Just when the manufacture of passenger cars for civilian use may again be undertaken is problematical. The erstwhile car manufacturers turned armorers are certain only that when such production again is possible they will turn again to the 1942 model.

They are equally certain that with the arrival of the post-war period another gigantic conversion job will face them—the conversion of war implement tools to peace-time car manufacture.

Today's termination of passenger vehicle output in the Ford assembly plants increased to something like 300,000 the number of workers made idle in the motorcar industry pending completion of the factory conversion program.

Generally, the belief is held among the factory executives that by midsummer all those thrown out of work at this time will be back in jobs in the arms factories.

VITAMINS

PEOPLE don't "catch" colds—colds catch *them!* If you're low on vitamins and minerals, you're *inviting* a cold to come and get you. A lack of these vital substances can lower your resistance. When this happens, extra vitamins and minerals are needed to help bring your resistance back.

There's a new low cost way to be sure of getting your vitamins and minerals. Fortify your diet with Vimms. Regularly, every day. Thousands are already doing it!

Not 1 or 2, but SIX vitamins!

Vimms are little tablets, easy to swallow and so pleasant to eat that even *children* like them. Just take three every day. They'll give you all 6 essential vitamins—and *all* you may need of each of them to supplement your diet. And (this is *important*) they give you the three vital minerals Calcium, Phosphorus and Iron, too.

Why *six* vitamins, instead of just A and D? Because experts know that people whose resistance has been lowered by vitamin deficiency are usually low in more than one vitamin. That's why a supplement that supplies all 6 vitamins is so much better than one that offers only A and D, or the B Complex. All three of the B Complex vitamins known to be necessary are supplied in Vimms.

Why you need minerals, too

Minerals are just as important as vitamins. And without minerals certain vitamins are almost useless. For instance, if you are low on Calcium and Phosphorus, Vitamin D cannot do its best for you.

KEEP FIT TO WIN!

Perhaps you know that leading authorities estimate 3 out of 4 Americans need more vitamins and minerals. If you are tired, blue, rundown, *you* may need more vitamins and minerals. And cost need no longer hold you back. You'll be glad to know that Vimms cost less than any product of comparable type and potency. Only a few cents a day!

The time to beat a cold is *before* you get it. If you haven't been getting enough vitamins and minerals, start Vimms today. Lever Brothers Company, Cambridge, Mass.

Tobin Ouster Battle Delayed to Thursday

Hearing on the petition for ouster of Mayor Tobin recessed today until Thursday after Ex-Lieut.-Gov. Francis E. Kelly, attorney for the petitioners, was granted permission to file briefs on the question of jurisdiction by the three Superior Court judges.

Kelly was given until 2 p. m. tomorrow to submit answers to questions propounded by former Federal Judge Hugh D. McLellan of Tobin counsel.

McLellan challenged jurisdiction of the tria. He argued the petition had been presented to them "on insufficient evidence."

Pending receipt of Kelly's brief, the three judges reserved decision on McLellan's move to end the hearing without preesentation of testimony.

Opposing counsel spent the session today arguing on technical questions raised by the mayor's attorneys.

Atty. Albert West, associated with Kelly and Judge Emil E. Fuchs on the petitioners' staff, said all the signers of the ouster had "read or it was read to them" —the petition they signed. He said they all understood its contents.

The judges weighing the involved legal maze are Jesse Morton, Joseph J. Walsh and James C. Donnelly.

Court will resume at 10 a. m. Thursday.

3 DENY GUILT IN MISSING HEIRS RACKET

Three men, including two attorneys and a self-styled "geneologist," pleaded not guilty in Middlesex Superior Court today to charges contained in 33 indictments returned by a grand jury investigating a State-wide $1,000,000 "missing heirs" racket.

The racket, which Asst. Atty.-Gen. Frank G. Volpe said had spread to every county in the State, was described as the manufacture of heirs to estates that had long lain dormant and to which, in fact, no heirs existed.

The defendants are Phillip J. Aronson, 53, former law partner of the late Dist. Atty. Warren L. Bishop; Nathan Shapiro, 43, a lawyer, of Arlington rd., Brookline, and Samuel Lipson, 42, of Harvard ave., Brookline who said he was a geneologist.

VOLPE OUTLINES CHARGES

Aronson, already held in $4000 in similar charges in Worcester, was allowed to go on his own recognizance, while for the other two bail of $5000 each was set by Judge Lewis Goldberg.

They are charged specifically with larceny, conspiracy to commit larceny and conspiracy to fraudulently obtain the signatures of various Middlesex probate court judges. There are 19 indictments against Shapiro; 12 against Lipson, and 2 against Aronson.

Volpe said the men "created" heirs for estates which were unclaimed and normally would have reverted to the state after 20 years.

8 JUDGES NAMED

After "manufacturing" the heirs, he said, they fradulently obtained the signatures of certain judges in whose names the estates were kept authorizing turnover of the estate to the fictitious heirs.

Middlesex judges, who the indictments charge, were victimized by the racket, were Judge John C. Leggat, Joseph W. Monahan and Arthur E. Beane.

One indictment charges larceny from Judge Leggat and from East Cambridge Savings Bank, where an estate was kept in his name. Others charge an attempt to fradulently obtain the signature of Judge Beane and conspiracy to obtain the signature of Judge Monahan.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Huge Blackout Test Pleases Gov. Lehman

ALBANY, N. Y., Feb. 10 (INS)—Under starlit skies, nine counties of eastern New York State last night staged the largest and one of the most successful blackouts yet conducted in the East.

Gov. Lehman, observing the 20-minute test from Albany's tallest building, called it "the greatest blackout yet held on the Atlantic seaboard." It covered 2000 square miles and affected more than 700,000 people.

Kiss-Bandit Suspect Held

With the inherent detective ability of her father, Miss Marie Hinchey, 19, daughter of Capt. James J. Hinchey of police headquarters, sought for four months the man she claims attempted to rob her last October.

Her perseverance had its sequal in Dorchester Court today, when Joseph Flaherty, 20, of Wrentham st., Dorchester, pleaded not guilty to a charge of attempted robbery and was held in $3000 bail for hearing Friday.

His arraignment came after Miss Hinchey had identified him in a police lineup as the man who took her handbag on the night of Oct. 15 near her home in Dracut st., Dorchester.

Miss Hinchey testified that after being accosted and ordered to hand over her bag the assailant demanded a kiss after discovering there was no money in the bag.

Her search was rewarded several days ago, she testified, while walking with a young man.

Her escort knew the youth's name and notified her father.

House Bars U. S. Pay For Mayris, Melvyn

WASHINGTON, Feb. 10 (AP)—Dancing Mayris Chaney and Hollywood's Melvyn Douglas have it straight from the House of Representatives that they aren't wanted in the civilian defense setup unless they pay their own way.

And the Office of Civilian Defense has been cautioned that any frills and fancies will be subject to congressional investigation.

That is how the House wound up the first act of the wartime controversy over the place of arts in air raid precautions. It approved and sent to the Senate late yesterday a $100,000,000 appropriation for gas masks, fire-fighting and other equipment.

SCATHING CRITICISM

But the appropriation carried a strict prohibition against employment of movie actors and dancers, voted after two days of acrimonious debate.

In the debate there was scathing criticism of the Administration for selecting Douglas as head of an "arts" section in the OCD and for choosing Miss Chaney, a friend of Mrs. Roosevelt, as head of a division on children's activities dealing with physical fitness.

House complaints served primarily to put OCD officials on notice that future employment of Douglas and Miss Chaney would not be tolerated.

There was disagreement concerning the pay status of Douglas.

ON DAILY PAY BASIS

He said in a statement that he was serving "without compensation." But OCD officials previously had said he was employed on a basis of $8000 a year but would be paid on a per diem basis only when actually working.

Sen. Downey (R.) of California, told the Senate that Douglas would have preferred to serve without pay but was advised by his superiors that public policy would be better served by placing him on the payroll at $8000 a year for the time spent on the job.

Miss Chaney was on a per diem basis from November until January 2, said Mrs. Franklin D. Roosevelt, assistant director of Civilian Defense, and was put on a salary basis of $4600 yearly then.

JUNIOR ARMY GROWING RAPIDLY, BUT MORE RECRUITS ARE NEEDED

Attention, Boys and Girls! Join the Junior Victory Army and give a mighty push to Uncle Sam's civilian defense effort.

This new youth movement, only a week old, has already enrolled more than 7600 boys and girls of New England. Its ranks are wide, however, and there is plenty of room for thousands of other boys and girls who want to serve their country and community.

Scores of members are now devoting their spare time to the salvage program by removing papers, rubbish and other inflammables from attics and basements and saving all vital metals for later collections.

ALL 10-18 ELIGIBLE

This is one of the most important services in civilian defense. By devoting their efforts this way, members of the Junior Victory Army are performing a duty just as necessary as work in a defense plant or fighting a fire.

Because in cleaning out rubbish they will be reducing fire hazards and thus saving lives and protecting property. In removing the junk they will find old pieces of metals, including tin, aluminum, brass, iron and steel. These should all be sorted and set aside for later collection.

A total of 7646 enthusiastic and patriotic boys and girls of New England enlisted in the first week the Junior Victory Army was established. It is a record of which the sponsors, the Evening American, the Daily Record and the Sunday Advertiser are proud.

These thousands of enrollments testified to the eagerness of boys and girls to help win the war. They can serve their country just like their dads, brothers and uncles in military and naval services by enlisting in the Junior Victory Army and putting their shoulders to the wheel in the national defense effort.

All boys and girls of New England, not less than 10 years nor more than 18 years old, are eligible to join this new organization. You can join whether you belong to any other youth association or not.

To enroll you simply fill out the enrollment blank appearing with this story and follow the instructions. If you want the attractive red, white and blue insignia pin send a 10-cent coin (well wrapped) with your enrollment. Do not stick the coin to the coupon. Simply wrap it in a wad of paper, and enclose it with the coupon in the envelope.

FOLLOW 'ARMY' NEWS

The pin, a metal facsimile of the insignia appearing at the top of the coupon, is suitable for wearing on your coat, blouse or cap.

The 10 cents merely covers the cost of materials, handling and mailing. The pins, now being manufactured, are expected to be ready for distribution by mail soon to the thousands of boys and girls who have sent dimes with their coupons.

Meanwhile all members are urged to tell their friends about this new organization and are invited to keep reading the Junior Victory Army news in the Record, the American and the Advertiser.

From Joseph W. Reid, 334 West Broadway, South Boston:

"I feel it is my duty as an American to help in every possible way to build up morale. Therefore I have enrolled in the Junior Victory Army which is trying to prove that the young can help also to win the war. I urge every red-blooded boy and girl to send in their enrollments now."

ENGLISH REFUGEE JOINS

From Edna daCosta, 27 Howland st., Roxbury:

"The Junior Victory Army is just what is needed to band the youth of America together to beat Hitler and his gang. I am an English refugee. I came over in July, 1940, and have already joined the Senior Service Scouts but this is the best yet. It gives boys and girls of my own age a chance to get together with all the men and women in the service of their country and say: 'We're with you, Uncle Sam.'"

From Jack Taylor, 3 Ottawa rd., Arlington:

"I'll be interested in any news about radio. I know the Morse code and have a radio of my own. I'm not only sending in my enrollment but that of my friend, Jack Bergstrom. I would like to be a messenger in case of an air raid."

"IDEA IS GREAT"

From Dolores Oliphant, 44 Spring st., Somerville:

"My brother, George, and I are glad to be able to join the Junior Victory Army. We have an older brother who is a corporal in the United States Army and we want to do our part."

From Royce Shawcross, Tyngsboro:

"I am joining the Junior Victory Army because I want to do my bit. I go to Winslow School and am in the seventh grade."

From Frances B. Brown, Berkeley st., Somerville:

"I think your idea of a Junior Victory Army is great and I'm with you 100 per cent. I'm a senior at Somerville High and associate editor of the school magazine. I'm willing to be of any service I can."

Junior Victory Army Platform

To encourage all boys and girls to take part in civilian defense by all practical means.

To present in the Daily Record, the Evening American and the Sunday Advertiser, the defense activities of all youth organizations through stories and pictures.

To promote membership in those youth associations.

To instruct and guide youth engaged in Home Front work through officially approved lessons and other features.

To help boys and girls build up morale, develop resourcefulness and acquire leadership.

Aid in Getting Defense Equipment Promised

Assistance in obtaining priorities for purchasing defense equipment was assured New England state and city governments today by Regional Defense Director Joseph M. Loughlin.

Medical supplies, ammunition for police departments, trucks and supplies for defense work or street maintenance and fire fighting equipment were cited as examples of essential materials which local governing bodies might require help in obtaining.

Do You Own A "Scratching" Dog?

If you own and are fond of a dog that is continually scratching, digging, rubbing, biting himself until his skin is raw and sore, don't just feel sorry for him. The dog can't help himself. But you may. He may be clean and flea free and just suffering an intense itching irritation that has centered in the nerve endings of his skin. Do as thousands of pleased dog owners are doing. At Ludlam's Pet Shops, 119 Summer St. and 19 Bromfield St., or any well stocked dealer, get a 25c package of Rex Hunters Dog Powders, and give them once a week. Note the quick improvement. One owner writes: "My setter female on Sept. 25th did not have a handful of hair on her body—all scratched and bitten off. I gave her the powders as directed. By Nov. 10th she was all haired out." Learn what they will do for your dog. Make a 25c test.

$700,000 NEEDED TO PUT WAR FUND CAMPAIGN OVER TOP

The 1942 Greater Boston United War Fund campaign today edged past the $6,900,000 mark as 30,000 workers began a final two-day drive to raise the $700,000 needed to reach the goal and victory.

"It's later than you think," Maynard Hutchinson, general chairman, declared in urging everyone to send in some contribution whether or not a solicitor has called on them.

"Join your fellow-Americans in supporting this great patriotic cause. Our boys in the fighting forces are depending on you. The Red Cross needs your dollars.

"Here at home thousands of deserving men, women and children must be cared for through your generosity," Hutchinson continued.

"Victory must be ours. It can only be won by all of us—every last one of us. Come to headquarters today and make a contribution. It's time to act. Give now."

Fresh impetus was given the drive today by Minister to Poland and Mrs. A. C. Ratshesky, who pledged a contribution of $6300.

Spurred by their leader, the army of workers continued a night and day solicitation task to bring in every possible dollar.

Meanwhile, Gov. Saltonstall revealed that the names of all donors to this year's fund are to be inscribed on a roll of honor for a permanent place in the files of Massachusetts war record.

U. S. Gets Tough With Vichy

By KINGSBURY SMITH
International News Service
Staff Correspondent

WASHINGTON, Feb. 10 (INS)—The United States governmnt, it was learned on high authority today, has decided to stiffen its attitude toward France as a result of definite indications that the Vichy regime has been directly or indirectly aiding the Axis forces in Libya.

This government, responsible quarters disclosed, considers entirely unsatisfactory the Vichy reply to American inquiries concerning reported French aid to the Axis, including the shipment of army trucks and food supplies to the Libyan forces of German Field Marshal Rommel.

Undersecretary of State Sumner Welles intends to discuss the situation with French Ambassador Gaston Henry-Haye late this afternoon.

There is reason to believe Welles will call the French envoy sharply to task for what is regarded in American quarters as lack of good faith on the part of Vichy in aiding the Axis forces in North Africa.

Unless Vichy ceases this aid to the Axis, there is a strong likelihood the United States will suspend the recently resumed trade relations with French North Africa.

LONDON, Feb. 10 (AP)—Hugh Dalton, minister of economic warfare, officially charged the Vichy French today with permitting deliveries of food and gasoline to reach Axis troops in Libya from Tunisia in French North Africa.

Official U. S. Communique

WASHINGTON, Feb. 10 (AP)—The text of War Department communique, No. 99, based on reports received here up to 12 noon, Eastern War Time, today:

PHILIPPINE THEATER:

"In a message to the War Department, Gen. MacArthur emphasized the grim determination of his American-Filipino troops. The identifications of five veteran Japanese divisions on Bataan Peninsula, in addition to many other supporting troops, and the reported landing of reinforcements in the Lingayen gulf areas, indicate the heavy odds against them.

"Fighting in Bataan during the past 24 hours was intermittent but of a particularly savage nature. The enemy suffered heavy casualties.

"During the past 24 hours our troops shot down seven enemy planes. This brings the total hostile aircraft positively confirmed as destroyed in the Philippines since the outbreak of the war to 163. Many others were hit and probably destroyed, but their loss has not been positively confirmed.

"Siege fire directed against our forts from concealed enemy batteries along the Cavite shore continued. Our counter-battery fire met with some success.

HAWAII:

"The commanding general, Hawaiian department, reports that the United States Army transport Royal T. Frank was sunk by a torpedo fired from an enemy submarine in the Hawaiian area on Jan. 28. Twenty-nine persons are missing and believed lost. Thirty-three survivors have reached an Hawaiian port.

"The Frank was a small interisland freighter of 224 net tons, operating in Hawaiian waters. It normally carried a limited number of passengers.

NETHERLANDS INDIES:

"In a relatively minor aerial action a small formation of American Army P-40 fighting planes encountered a flight of Japanese bombers. In the ensuing combat one enemy plane was destroyed. None of our planes were damaged.

"There is nothing to report from other areas."

AUSTEN LAKE WARNS AMERICA TO REALIZE FULL WAR PERIL--NOW!

Continued From Page 3

early days of the "phony war" were that way, too. They couldn't assimilate the full measure of war-consciousness until a severe dose of Nazi terrorism stabbed them full awake. Then they, according to their means, tapped the till, broke the baby's pig-bank, searched the family teapot and bought bombers. Their bond buying amounted almost to a National convulsion.

AN AVERAGE PICTURE

With us it works like this. The average citizen rises each morning, sits down to an ample breakfast of unrationed food, reads the overnight war news, clucks his tongue and broods briefly on the bestial condition of the world as an improper place to bring up babies. If he has a son in service or a boy of military age he ponders darkly on the future.

Then he entrains, or drives or walks to his work. Around him he sees familiar scenes, pleasant homes, well-stocked shops, the cordial bustle of a free fellowship. Hard cash jingles cheerfully in his pockets. The postman, the milkman, the grocer make their routine rounds. School-bound children loiter.

And gradually he lapses back into the well-worn grooves of mental habit. The great opiate of security lulls his senses. War fades from his mind as a night-marish unreality. War, except for the pinch of taxation, seems remote.

A DEFENSE MECHANISM

For, the human mind, yours and mine, operates at such times as a defense mechanism, rejecting morbid thoughts and embracing more agreeable imageries. It reacts automatically as a stabilizer.

Thus, for the rest of the day, except for occasional conversational Tsk-tsgs, the average citizen follows the familiar sheep-runs of old habit.

Dutifully he buys a few defense bonds or contributes something to a war fund or devotes some of his spare time to defense projects. For, at heart, he's a good and docile creature, this product of democracy.

But his well-insulated being resists the awful immediacy of war and the realism that his property, savings, family, freedom, control of his own energies, plenty of everything, his tailored broadcloth clothes and the little frivolities and indulgences of every-day life can, conceivably, be stolen from him as they have been stolen from some 480,000,000 people in Nazi-locked Europe.

SWEAT OFF THE FAT

That is the individualism and right of independent action that we as a free people cherish. As a nation we have fed on the fats of the world, and fat, in overbulk, tends toward sluggishness and smug complacency.

But now, whether as individuals we do it voluntarily or by force, we are going to grow lean, hard and fit again—the lean competence that comes from selfless sacrifice and abstinence, less waste and indulgence.

For the sake of our national safety, if not the national soul, we're bound to sweat off that lard and suet acquired in a land of plenty!

The time begins NOW. So what to do?

Look at your surplus savings, Mr. and Mrs. Massachusetts—not long and lovingly, but hard and resolutely. For you CAN have your cake and eat it, too. The government will accept your dollars, transform them into Flying Fortresses and freight them with cargoes of fright against the barbarous enemy.

Your idle dollars will sprout wings, serve you as an individual and the nation as a whole, and then some day come flying back to your pocket with a premium.

PERSONAL YARDSTICK

Let your personal reaction to these lines be the yardstick by which you judge yourself and the meaning of America. For you will do ONE of three things, (1) you will take action now, scrape the bottom of your money barrel and buy BOMBER BONDS or BOMBER STAMPS; or (2) you will ho-hum and decide to get around to it some time later—maybe!; or (3) you will shrug it off as an unreality and decide that your pittance won't be missed.

You will fall into one of those three categories, (1) the ant-like direct actionist, (2) the procrastinating grasshopper, or (3) the national drone.

There, too, is a flaw in the democracy that we love—the energetic many must support the sluggish few.

Today—right now—on the Bataan Peninsula of the Philippines there is a rapacious ring of slant-eyed barbarians hacking and shooting American soldiers and their Filipino cousins. On two oceans American sailors are risking death in the frigid seas.

All these men are watching the skies hopefully for the vast fleets of bombers and fighters which MUST come if their thin red line is to hold off the savage tide.

IF AXIS WINS . . .?

Consider this! If the Axis wins this war—and by every measure of time, resource, compulsion and thievery, the Axis IS winning the war to date—we won't have any dollars. The tidy bank balances, the insurance trusts and investments will fall like ripe plums to the international gangsters. Hitler, Mussolini, Hirohito and their avaricious congress of hell-imps will take them under the name of "indemnities."

And you, Mr. and Mrs. Massachusetts, among the many, will surrender something more precious than dollars. You, and your children's children for soul-destroying generations will labor as whip-slaves of the master-nations, just as the peoples of Holland, Norway, Czechoslovakia, Poland, France, Belgium, Denmark, Rumania and Ukraine Russia are doing today.

If that seems fantastic, then so is the tumbled ruins of London, the graves of French hostages, the rape of China, the pestilence and death which rides with Hitler's satanic fellowship fantastic.

WORK UP A HATE!

For whether we want to or not, what this Nation needs is to generate a healthy Hate for the hell-agentry that has violated world decency and turned humanity's clock back five spiritual centuries—a concerted, systematic HATE that translates latent energy into instant action. It is not un-Christian to hate evil. The most pious person hates the arsonist, the creep-thief, the sadistic killer. The gentlest American mother hates the treacherous assassins of Pearl Harbor.

SO SNAP OUT OF IT AMERICA! Don't wait for the eerie whistle of enemy bombs and the crash of masonry around your ears. Don't wait for the stutter of invading machine guns. France waited. Denmark waited. Poland and Russia waited. Where are they? Hate now and DIG DEEP before an irreconcilable enemy hates harder and digs YOU deeper. Buy part of YOUR bomber today and keep on buying bombers while the need for hate exists or prepare to join the martyr nations of the Nazi-Nippon Beast.

The bargain is all yours!

You Can Specify Bonds Are for Bomber Drive

Individuals buying defense bonds may stipulate on the purchase application blank that their purchases are in connection with the Massachusetts Bombers Campaign.

On the left-hand side of the green application blank, opposite where you write the name with which the bond is to be inscribed, notice the three words: "Buy for Defense." Immediately above this is a small space in which can be written "Massachusetts Bombers Campaign." Write this only in the space described.

Individuals or firms buying either stamps or bonds in connection with the Massachusetts Bombers drive are requested to notify these newspapers by WRITING to the BUY-A-BOMBER EDITOR, 5 Winthrop Sq., Boston, so that the amount representing their investment may be listed.

It is specifically requested that individual purchases be reported in writing rather than by telephone.

Sees Hordes Engulf Thin Singapore Line

(Editor's Note—Sergt. Ian Fitchitt, official Australian reporter who covered the retreat of the AIF in Malaya, gives an eyewitness account of the strength of the Japanese invasion forces in Singapore and the weight of artillery the invaders could concentrate to cover the assault.)

By IAN FITCHITT

SINGAPORE, Feb. 9 (Delayed) (Australian Associated Press to AP)—The military position on Singapore Island by late afternoon could be described only as serious.

Enemy landings followed the smashing barrage which grew to a crescendo from 10 p. m. yesterday following an afternoon of destructive shelling and mortar fire.

Shortly after dark last night some of our searchlights were knocked out. They were our only means of observation until the moonrise at 1 a. m.

Our strongest held positions on the coast running west from the Kranji estuary were left completely unmolested, but on either flank the fire was poured in, making the approach of troops holding those areas difficult.

JAP HORDES POUR IN

Towards 11 p. m. the enemy started getting ashore.

No sooner were the first Jap landings engaged than the enemy started to pour in in "hordes"—as a battalion commander put it today.

Our artillery and machine-guns were sweeping the straits with fire all this time and also concentrating on the beach opposite, but the enemy seemed to be in strength. Meanwhile his gunfire was crashing into our positions.

It was a solid drumfire which went on for some hours without cease.

The colonel of a west Australian machine-gun battalion told me he thought the enemy was using steel troop landing craft. He had report after report from his gunners that they saw their bullets striking flashes of flame as they hit the steel sides of the boats.

How the enemy got them down is uncertain. Possibly, he embarked his troops from a point farther north on the mainland and sailed down the coast after dark.

ONLY 31 SILENT MINUTES

These landings soon had our forward troops in trouble and they had to fall back to a level line. In the desperate early morning fighting, party after party found their way cut off and there were a hundred small struggles of the moment, infantry, gunners and anti-tank men joining together to get themselves and their gear out.

Reinforcements were of Indians as all further Australians were rushed to the area.

Dawn gave fight for enemy bombers again. They have been at it all day. The longest period from dawn to 4 p. m. that they did not have some planes bombing was 31 minutes.

Our fighters made a gallant effort to aid the troops but it was the old story.

So it has gone on all day with very little definite information coming in beyond confused tales of desperate fighting.

Beyond artillery fire, we can do little to prevent their flow of boats to the mainland.

The troops have done their best all day.

But it is the old case of huge numbers crushing thinly held lines.

REDS DRIVE NAZIS OUT OF 7 MORE TOWNS

MOSCOW, Feb. 10 (AP)—Further Red gains were reported by the Soviet information bureau today, including the recapture of seven populated places, but it still adhered to its recent policy of silence onspecific names and sectors.

The Red army claimed to have liberated 80 cities and more than 48,000 towns and villages between Nov. 29 and Feb. 7.

Only the Kalnin front, 95 miles northwest of Moscow, was named in the midday communique, which said a Russian column killed 400 German officers and men in two assaults there and then repulsed a Nazi counter-attack.

These gains came on top of a night communique which pictured the Germans floundering westward in disordered retreat.

These, too, were unspecified—apparently in order not to fill in any information lacking from the enemy's disrupted communications.

The Russians, however, were reported making their greatest progress in the Donets basin.

In the Crimea, Soviet commanders said the Germans had lost 40,000 or more men in the battle for the Sevastopol naval base alone.

An announcement that 204 German planes have been destroyed since Feb. 1 against 49 Soviet losses indicated a sharp spurt in aerial warfare in recent days.

BERLIN, (from German broadcasts), Feb. 10 (AP)—Strong Russian forces seeking to crack the German lines before Leningrad were beaten back, the German high command reported today, while Nazi artillery fired "with good results" at objectives near the naval base of Kronstadt.

Jap Troops Land Near Macassar

to the northeast, and Bandjermasin 300 miles almost due north.

With another arm of the Japanese offensive already established at Pontianak, on Borneo's west coast 440 miles north of the Indies' capital of Batavia, Java was preparing to meet an all-out offensive at any moment.

MACASSAR FLEET MOVES

The Japanese attack on Macassar was seen as an indication that the Macassar strait invasion fleet was on the move again. Halted for two weeks by the heavy losses inflicted by United States-Dutch air and naval action, this force was believed to have reorganized in the protected harbor of Balikpapan and to have obtained reinforcements in ships and men.

Both in the Macassar and Bandjermasin areas the Dutch garrisons were reported fighting delaying actions. No details were available on the Bandjermasin operations, for communications between Java and the Boreno port were broken off yesterday.

At Macassar, according to a communique released through the news agency Aneta, the Dutch again destroyed all military installations in advance of the enemy landings.

An authoritative Dutch source said the task of the Macassar and Bandjermasin garrisons was to delay the attackers as long as possible, since neither force is "strong enough to hold off the Japanese indefinitely or stand prolonged beleaguering."

British Admit Japs Overrun Singapore

Continued From Page 2

Sungei Kranji," the communique said.

The Sugi Mandai region is immediately west of the causeway while Sungei Kranji is nearly two miles west of Sungei Mandai.

USE DIVE-BOMBERS

As in a special communique issued last night, British headquarters said the Japanese had maintained continuous dive-bombing and machine-gun attacks on imperial forward areas in the western sector as well as high-level bombing attacks by large formations of planes.

It was learned here that the Japanese, confronted last night with the bitter and savage hand-to-hand opposition of the British imperials, had reinforced their advance units with strong forces.

The Japanese apparently were pouring everything they had into the battle, pressing the imperials with dive bomber and aerial machine-gun attacks, artillery bombardment and the crafty infiltration.

As the Japanese moved eastward on the island, new landings were made during the night in the Kranji estuary. Veteran Australian fighters engaged them hotly.

The Japs used steel troop landing craft to cross the narrow moat.

JAPS PAY HORRIBLE PRICE

The invaders were paying a huge price in casualties, but still they came on.

It was known that five Jap divisions, perhaps 100,000 men, were in Malaya and evidence today was that all were concentrated either in south Johore or on the island.

The city of Singapore had one air raid alert this morning, but enemy planes were constantly dive bombing and strafing troops deployed over the northern defenses.

But the British were exacting a fearsome toll of blood and men for every precious inch of the island while intrepid Hurricane fighter pilots, facing odds which a spokesman said were at least twice as great as those encountered at the height of the battle of Britain, tore into swarms of Japanese fighters all day yesterday.

From Rome, the Italian news agency, Stefani, broadcast a Tokyo report that the Japanese had encircled Bukit Timah village, only about five miles northwest of the center of the city of Singapore and some eight miles south of Kranji estuary, on Johore Strait where a Japanese landing was made Sunday.

BRITISH FIGHT BACK

Singapore had several air raid alarms yesterday, but the Japanese were devoting the full punch of their high level and dive bombing attacks against the men in the main combat zone and those manning other defense positions along Johore Strait.

The Japanese, however, did not have things all their own way in the battles which went on almost incessantly in the sky over the stricken island.

The pilots of the heavily-gunned but outnumbered Hurricane planes unhesitatingly tackled the enemy and the final tally was not made as night fell. With the results of some dogfights yet to be reported, the official score stood at three Japanese planes destroyed for certain, three probably destroyed and 13 damaged.

There was no loss to the RAF.

The British pilots apparently had their hands full over Singapore for there were no reports yesterday of any RAF or Allied bombing of Japanese bases in Johore or of any reconnaissance over Malaya.

Yesterday—Nine weeks after the first Japanese bombs fell on Singapore—authorities announced the intention to build at government cost public air raid shelters near markets, food shops and in congested areas.

Axis Hotel Help Seized by FBI

HUNTINGTON, W. Va., Feb. 10 (AP)—Six German waiters and an Italian baker employed at White Sulphur Springs, internment point for Axis diplomats and newspapermen, were brought here today under arrest as "dangerous enemy aliens."

Field Agent R. J. Untreiner of the Huntington FBI refused to comment on whether the prisoners had been arrested because of dealings with the interned officials.

Some of the waiters had worked at hotels there, in Florida and in New York since coming to this country between 1925 and 1933. Two have brothers in the German army. The Italian had worked at the resort since coming to the United States in 1905 or 1906.

Smart Set Functions

By BETTY ALDEN

DANCING GIRLS have become involved in civilian defense activities right here in Boston . . . but in a manner which will meet with everyone's approval and not cause senatorial denunciation . . .

The gals in question are many of the blue blooded dancers and singers who take part in the large theatrical production which the exclusive Vincent Club stages each year to raise money for charity . . . The first tryouts for the cast of this year's show were held in the ballroom at the Hotel Somerset yesterday . . . The number of girls trying out was much less than usual and the reason is defease work . . .

Those who are working for the Red Cross, United War Fund, etc., stuck right at their jobs . . . A few who have been in previous Vincent shows will probably be in this year's show . . . but their defense activities will come first in their daily schedule and rehearsals will have to be filled in to suit . . .

• • •

ALL THE GIRLS who appeared in slacks, shorts and dancing rompers to display their talents as dancers, singers, pianists or comediennes were this year's debs who have never tried out for a Vincent show before . . .

The scene looked very much like the first rehearsal of the chorus and feminine stars in a Broadway musical show . . . with girls bending, stretching or practicing their routines . . . but any discerning Bostonian could have detected the difference . . . At least a dozen Vincent officers were on hand to lend order and proper dignity to the occasion . . .

In the tradition of show directors, Julie Barbour, chairman of this year's production, gave the girls a lecture to start things off right . . . She discussed rehearsal etiquette—emphasizing the necessity of being prompt and of covering up bare legs, shorts and dancing suits when walking around the public lobbies of the hotel . . .

News highlight of the lecture was the disclosure that the hard working society chorines will have to go light on cooling drinks of soda pop this year . . . Forty cases were ordered for a starter but because of the sugar shortage only four could be delivered . . .

• • •

THE DEBS WHO seem most likely to star before the Vincent footlights are Patricia Sweetser and her cousin, "True" Storey, who have worked up several tricky tap dancing routines . . . Sally Sears, the triple threat gal who not only composes music, but plays and sings as well . . . Lansdale Daley and Carol Warren who are also toe tappers . . . Fanny Curtis, Ann Folsom Edith Bancroft, Helen Mitchell, Eleanor Batchelder, Helen Harding, Bolling Byrd and Helen Wolcott have beauty, grace and dancing ability which are requirements for the girls who take part in the exacting maneuvers of the traditional military drill . . .

Post deb Elizabeth Jenney of Brookline didn't show up at the tryouts because she has not yet unpacked after a trip to St. Louis . . . but she expects to offer her talent as a pianist for at least one number in the show . . . With her mother, Mrs. Charles S. Jenney, Elizabeth has been visiting her fiance, Ensign Harrison Culver, at his parents' home in St. Louis . . .

Vincent officers who were on hand to start work on all phases of the production, which will keep them more than busy until the opening night, March 12, were Mrs. James Parker, 2d, Mrs. George Bemis, Mrs. Henry McBurney Parker, Dorothy Rackemann, Mrs. John Bishop, Mrs. R. K. Thorndike, Jr., Mrs. W. A. Dupee, Jr., Mrs. Harry Draper and others.

PATRICIA SWEETSER, left, and her cousin, Gertrude Storey, waiting for their turn to tap dance at try-outs for the Vincent Ventures of 1942, annual musical revue to be staged by Boston's fashionable Vincent Club on March 12, 13 and 14. Pat is the daughter of Mr. and Mrs. John Sweetser of Brookline and "True" is the daughter of the Charles M. Storeys.

A PRAYER

By ELSIE ROBINSON

God—
Keep me kind today!
I do not ask
For wise or witty words
Or clever schemes
Wherewith to win my way.
I only ask
That You will help me be
Kind, for this day.

Give me a tender heart
To meet my brother's need —
Revive my memories
Of each old mistake—
Help me recall
The galling sting and ache
Of my own blunders—
And make me patient
With each clumsy deed—
For love's dear sake—
Oh, Father—
Hear me and help me . . .
As I pray—

Give me the grace to be
Just kind, today.

I lack the wisdom, God,
To understand
The hate that spreads
Its foulness on the land—
My brain is darkened
And I cannot see
The greed that shadows
Earth and sky and sea—
I only know enough
To kneel and pray—
Help me be friendly,
Father, for one day.
Out of Your greatness
Show me, God, the way
To share Your kindness
Just for one short day.
Amen.

Elsie Robinson's regular column is omitted today on account of her illness. The above poem is one of her earlier contributions.

Birthday Horoscope

By FRANCES DRAKE

Tuesday, Feb. 10, 1942

IF TODAY IS YOUR BIRTHDAY—Considerate, helpful to those in need and to those who depend upon you. Should get more consistent healthful exercise and plain, properly cooked foods and plenty of non-iced water. Shun worry and fatigue. You thrive on encouragement, but must learn to pep up periodically your own ambition. High mentality; have adaptability, also versatility. Do never lose sight of the importance of poise and gentle manner! Go after things with a hopeful, CONSISTENTLY determined, attitude. Pray.

LUCKY NUMBER—Today's lucky number is 79.

LUCKY COLOR—Today's lucky color is garnet.

Send 15 cents and a large self-addressed stamped envelope to Frances Drake, Boston Evening American, Box 2228, Boston, for an individual horoscope, personal guide and lucky calendar for the first six months of 1942, giving the day and month you were born.

Clinic Duties For Members

Already giving generously of time and energy to war relief activities, members of the ladies' committee of the New England Medical Center yesterday voted to take on new responsibilities.

Mrs. Carl Gilbert, chairman, presided at the regular monthly meeting and told her co-workers that 30 staff physicians and several nurses have been called to duty with the armed forces. Committee members voted to help relieve this shortage by spending at least one day a week, each, at the center learning to do clerical work in the clinics, acting as assistants to nurses, making preparations for canteen service and familiarizing themselves with the geography of the center.

Among those attending were Mrs. Frederick Blodgett, Mrs. Charles Mixter, Jr., Mrs. Abraham Pinanski, Miss Anne Richardson, Miss Abbie E. Dunks, Miss Katherine Rand, Mrs. Henry B. Sawyer and Mrs. Spencer Montgomery.

STORY OF NORMANDIE'S DISASTER

International News Service Photo

From the Air—Fabulously huge, the $60,000,000 former French liner Normandie, taken over by the U. S. Navy and renamed the Lafayette, is shown afire at its North River berth in New York . . . pictured from the air.

War Against Fire—A few minutes after the fire started, the fifth-mile long ship was shrouded in smoke . . . like this. Firemen erected long ladders to reach the prow of the ship to battle the flames in the forward section, while fireboats hurled tons of water on the after portions. Meanwhile, hidden by smoke, other firefighters carried on the losing battle from the pier. (On the back page is the sequel . . . the Normandie on its side in 40 feet of mud and water.)

OUR DAILY CITATION: To Admiral Thomas Hart who has made a place for himself in U. S. naval history by his order to all ships in the Asiatic fleet before the Macassar Strait battle to carry on the attack until the vessel is sunk or all ammunition exhausted. These words will become a tradition during all sea engagements of the present war.

WHAT are we defending?

The answer is: of course, OUR DEMOCRACY.

What, concretely, is our Democracy?

The answer is: IT IS THE CONGRESS OF THE UNITED STATES.

The House of Representatives and the Senate are the concrete expression of the WILL of the people.

Congress IS Democracy. It is America. It is our way of life made visible.

And what happens when this incarnation of our will abdicates its constitutional functions and "passes the buck" to the executive power, to miscellaneous and irresponsible bureaus and boards?

The answer is: OUR DEMOCRACY IS PREPARING TO WRITE ITS OWN DEATH-WARRANT.

Congress has more and more been relaxing its grip on its legal prerogatives.

It has come more and more under the domination of executive bossing.

This is not any more necessary in war than it is in peace.

England is a great democracy, although an imperialistic one, but note in the news how completely Parliament asserts authority and how it makes Churchill, and even the King, subordinate to its will.

It delegates power, but it does not ABDICATE POWER even with the nation's back to the wall.

Our Congress is as near abdication of its powers as ever any democratic legislature has been.

On this subject the conservative New York Times contained this striking and vigorous editorial the other day:

"CONGRESSIONAL ABDICATION"

"Shortly before the highly political and wretchedly inadequate price-control bill was sent to the President the majority leader of the Senate, Mr. Barkley, made a statement about it. He admitted that it had many imperfections, but expressed the hope (in the words of our report) that a *'wise Administration would help to cure any defects.'*

"This is the old familiar story of congressional abdication. Congress passes a law so full of holes that the executive department is compelled to plug them. Then, when the executive department does so, Congress rises in its wrath to accuse the executive department of usurping legislative functions.

"This has happened in the case of the Wagner Labor Act. It has happened, time and again, in the case of other highly important recent legislation. The only way out of this unsatisfactory situation is for Congress to write a good law to begin with."

That's as true as the multiplication table and as right as rain.

At a time when every American man and woman is standing up straight under great responsibilities Congress sags, grows weak-kneed and lets "George Do It."

That ISN'T THE AMERICAN WAY.

That ISN'T THE WAY TO VICTORY.

It is a HEART-BLOW AT NATIONAL MORALE.

Where are the fearless John Quincy Adamses, the Clays, the Websters, the Lincolns, the Reeds, the Blaines in our Congresses?

They do not exist, when we need them now more than ever.

Congress, of course, should not oppose the President merely for the purpose of opposing.

But it should march along with him as a CO-EQUAL in authority.

This it is not doing.

The result is, as the Times says—and it must be evident to all intelligent men—ABDICATION.

And that is a body-blow at our GREAT CAUSE.

A GALLUP POLL reveals that 54 per cent of the people in all walks of life are in favor of a government lottery to help pay the costs of the war.

Dr. George Gallup in reporting this poll says that MORE THAN 43,000,000 PEOPLE in the United States participate regularly in gambling games of some form.

In three of the six states of Australia the governments run lotteries.

There has not been noted because of this a decline in public morals or character.

On the contrary, any law which destroys hypocrisy and "sneaking" tends to lift the general level of character.

We have private lotteries today everywhere.

They are generally called the "numbers game."

They are crooked.

They are run by politicians, if not gangmen.

They corrupt the players, the winners and, in many cases, the authorities.

If Congress can get its eyes (and fingers) off "pensions" and "pork-barrels" long enough, maybe it might turn its attention to the idea of a government-controlled and operated lottery to help pay expenses, which are now running so far ahead of receipts that never the twain shall meet in our lifetime.

I pledge allegiance to the flag
Of the United States of America,
And to the Republic for which it stands;
One nation, indivisible,
With liberty and justice for all.
—FRANCIS BELLAMY.

ABOVE PLEDGE to the flag was written by Bellamy in Boston in 1892 when he was a member of the staff of the Youth's Companion. Theodore Roosevelt said: *"We have room in this country but for one flag, the Stars and Stripes. We have room but for one loyalty, loyalty to the United States. There is no room for 50-50 Americanism in this country. There is room here for only 100 per cent Americanism, only for those who are Americans and nothing else."*

ALL MAJOR CITIES have at least one club for tall people. These clubs are usually started by tall girls. Is said the lengthy lasses organize these clubs so they can meet tall men and lure them into matrimony. It is, of course, every tall girl's hope to marry a tall man. What makes life so difficult for tall girls is that tall men, as a rule, prefer petite or medium sized women for wives.

She says the three best in her collection are "That Old Feeling," "Only a Paper Moon" and "Chloe" . . . Janet Gaynor. First actress to win the Academy Award. That was for her performance in "Seventh Heaven" in 1927. The actor who won that year was Emil Jannings for his work in "The Way of All Flesh." Jannings is now in Germany. Luise Rainer won the Academy Award twice; in 1936 for her work in "The Great Ziegfeld" and in 1937 for "The Good Earth." Miss Rainer has not been in any pictures lately, but I don't know why . . . PLEASE NOTE: News item regarding theft of Lily Pons' fur coat reveals it cost $6000. That's a lot of money to pay for a coat, but Mrs. Edsel Ford has a fur coat that cost $30,000 . . . A young woman of Chicago who signs "Born Redhead" writes: *"The Egyptian henna shortage is becoming more acute because of war conditions. Life is going to be hard for those imitation redheads. Serves them right. It is the synthetic redheads who have given us natural redheads a reputation for having bad tempers, being gold diggers, extravagant, etc."* . . . British aviation and air raid expert William Courtenay says both the Atlantic and Pacific Coasts of the United States will be able to receive a 12-hour advance warning of any mass air raid. London usually gets about 14 minutes.

SAID THEY: Speaking of love, Ovid said: *"Love makes time pass, and time makes love pass."* *"The shortest ladies love the tallest men,"* claimed Beaumont and Fletcher. *"There is only one kind of love, but there are a thousand imitations,"* said La Rochefoucauld. *"One hour of right-down love is worth an age of dully living on,"* said Aphra Behn. *"If you would be loved, be lovable,"* advised Benjamin Franklin.

ALMOST CONFIDENTIAL: *"So you don't remember who starred in 'The Thief.' It was Margaret Illington,"* writes a Flint, Mich., client. So it was. Margaret also starred in "The Lion and the Mouse." She was first married to Daniel Frohman and then to Maj. Edward Bowes. And what a brilliant actress she was! . . . The United States man power between ages of 21 and 35 is 16,072,144. So, young woman, if you have a sweetheart or husband between those ages he is the one you got out of 16,000,000. I hope you're satisfied . . . In World War I the United States declared war on Good Friday. Five of the seven wars of the United States were declared in April. The war of 1812 was declared in June and how well we all know when the one we are now in was declared.

ASIDES: *"Was Col. 'Wild Bill' Donovan ever a major league baseball player?"* asks a San Franciscan. No, sir. But there was a famous major league pitcher named "Wild Bill" Donovan. He was killed in a railroad accident some years ago . . . My story is that our pup is trying to learn to talk. I firmly believe this. Not only that, I believe a great many dogs try to talk and form words. Mrs. Mrs. Mabel Robinson of Waterville, Me., owned a dog named Princess Jacqueline who had a vocabulary of 20 words, which she could form into sentences . . . You can criticize her hat, tell her she doesn't know how to dance, nor drive a car or play bridge and the girl may keep on loving you; but if you tell her she has no sense of humor she will hate you for the rest of her life.

CONTRACTS: Some autoists who had tires stolen thought the replacement contract in their insurance policy called for the company getting them another tire. They found out that the agreement was to either replace the tire or pay to the insured the full amount of the loss. At one time I never took the trouble to read a printed contract through. I do now. I even have a magnifying glass to read the small print.

ADDED DETAILS: To settle the many arguments on the subject, a dog is more intelligent than a cat. So is a horse. A dog is the fifth most intelligent animal, a horse the seventh and a cat the tenth. Exhaustive tests have resulted in following classification of animal intelligence: 1, chimpanzee; 2, orangoutan; 3, elephant; 4, gorilla; 5, dog; 6, beaver; 7, horse, 8, sea lion; 9, bear; 10, cat.

PAGING MISS MERMAN: A few days ago Miss Regina Crewe had a luncheon engagement with Miss Ethel Merman. They were to meet at Fefe's Beach, but before lunch-time Regina decided to make it Twenty-One. She telephoned Ethel's house to tell her and was informed that Ethel had gone down to Macy's for a little shopping.

Regina called Macy's—which, as you know, is the town's largest department store, with only eight or nine or ten gigantic floors—and calmly said:

"Would you please get Miss Ethel Merman on the telephone? She's probably not wearing a hat and I imagine she's in the furniture or household departments."

Macy's unruffled, said:

"Hold on, please."

And so it was that Miss Merman in Macy's basement buying a double-boiler, was confronted by a smiling salesgirl, who said: "Oh, Miss Merman, you're wanted on the telephone."

She was so astonished at the phenomenon she could hardly say a word throughout lunch. And as for Miss Crewe, she feels that despite the slogan, she IS in debt to Macy's.

BOSTON after DARK

By GEORGE HOLLAND

WE WERE WRONG . . . MELVYN DOUGLAS was never a pinko . . . Never a fellow-traveler . . . He was an "advanced Democrat" . . . The reason he attended as many as four Communist meetings a week undoubtedly was to compare our system with Stalin's . . . The "Clean-Up Melvyn" campaign is proceeding furiously, nevertheless . . . And Melvyn isn't going to take any dough from OCD for his specialized services . . . That $8000 can now be spent on a major-general . . . We hope the talented lady-Red, who even now is pushing her pen toward the final curtain of a play satirizing Melvyn's activities in California, reads this . . . If Melvyn was only an "advanced Democrat," and never a pinko, her play—dealing with a Comrade's renunciation of his pals—will be pointless.

THE MEANEST SHAFT that Melvyn's claque is aiming at his critics is the slight accent that has been given his real name, Hesselberg . . . If anything, that name sounds German . . . And why shouldn't an actor use his right name in his country's service? . . . "Douglas" was assumed presumably for professional purposes . . . Second generation name-holders, like Douglas Fairbanks, Jr., are something else again . . . Doug's late father went to the courts and changed his name from Ullman . . . The kid's name was changed automatically as a result . . . Mr. Hesselberg-Douglas has told intimates that his ambition is to be a United States Senator . . . You can't make the Senate under a pseudonym . . . Why shouldn't this be a good time to let the voters get used to Hesselberg? . . . Melvyn is getting reams of publicity . . . And in this fact alone, perhaps, much of the criticism of the actor is founded . . . He has been a fading star lately . . . But he is "hot" right now—again . . . Our bet is that he'll find a way to make a few pictures while guiding the destinies of the "artistic" department of Civilian Defense.

ually by a swanky 440-seat newsreel theater . . . The de luxe newsreel houses of New York's East Side will be the model for the new Boston house . . . The location, at Arlington and Newbury sts., is within walking distance of Beacon Hill and the Back Bay residential section . . . In spite of the war, Arki-Yavensonne (hasn't the gentleman a front name?) is building a new cocktail room at the erstwhile bone-dry Fensgate Hotel.

IT WILL BE CALLED the "Satire Room," and the murals will depict John P. Marquand characters such as the late George Apley—he's in again—H. M. Pulham, Esq. (for which Robert Young probably will pose) and "old-time New England satirists such as Lowell and the older ones from Aristophanes up the line" . . . Perhaps we should've quoted this informal expository note from Frank Cronin, who so ably handles the publicity of The Latin Quarter and the Fensgate . . . Frank forgets the Lowell first name, and we can't help him beyond identifying the most famous Lowell as James Russell Lowell (Was he a satirist?) . . . As for Aristophanes, he and the other Greeks—including the Peripatetic Scholars—will be shown in a frieze . . . The Peripatetics were named because they walked around . . . And Jack Lessman, who will design the room, is given the hint gratis . . . He can animate them . . . The Fensgate's "Satire Room" will be opened late in March.

ELEANOR "SISTER" FROTHINGHAM is at the Phillips House, convalescent from a slight operation which will not affect her singing . . . Eddy Duchin is very considerate of his lovely vocalist, June Robbins . . . "How Do I Know It's Real?" is the song Tin Pan Alley's Chappel firm will plug exclusively beginning Feb. 28, and for 10 days thereafter . . . The boys think it will be the country's leading ear-bender this spring. (We shall see) . . . Sybil Bowan is marvelous in her new sketches at the Latin Quarter . . . She does something excruciating with an imaginary bit between two Hollywoodites passing the time of night in an air raid shelter.

'PURSUED' BLONDE VIRGINIA'S NEXT

By Louella O. Parsons

Virginia Bruce

HOLLYWOOD, Feb. 10 Not since poor Thelma Todd was chased all over the Marx Brothers pictures will a blonde be so "pursued" as Virginia Bruce in "Pardon My Sarong," the next for Abbott and Costello. I hope Virginia is well and strong for sh. will need to be after playing with these two, who stop at nothing to get a laugh. Virginia has just finished "Butch Minds the Baby" at Universal, her first since the arrival of the Ruben heir. Speaking of Abbott and Costello—there have been rumors the boys are privately feuding. I doubt very much if this is true. These two belong together like ham 'n' eggs. While Lou Costello gets most of the laughs there's no better straight man in the business than Bud Abbott, and Lou knows it.

SO MANY OF John Halliday's friends have telephoned to ask if he and Eleanor are safe in Honolulu that I am glad to report John is not only safe but working hard to find entertainment for the boys stationed there, and especially for those who are hospitalized since the Pearl Harbor attack. BRYNIE FOY is very excited over the story of "The Loves of Edgar Allan Poe," which Charlie Feldman sold 20th Century-Fox. Edgar Allen Poe, Jr., a Baltimore attorney and direct descendant of the poet, co-authored it with Tom Reed and there are many documents and letters which have never been made public. Feldman hung on to the story for a long time, believing he would produce it himself one day, but he could never find the right actor to play Poe. Curiously enough he tried to borrow John Shepperd, but 20th said no go, so he compromised by selling them his story for Shepperd.

WITH MORE and more of us getting into uniform, the short haircut is a "must" . . . and to avoid the mannish look we must keep our tresses healthily soft and lovely . . . Arline Gould tells of a pomade that will do the trick . . . and a hair-do like this one designed by Rubenstein's famous Eric is slick under a military cap.

POMADE DOES WONDERS FOR DRY SCALP, DANDRUFF

By ARLINE GOULD

HERE is a straight-from-the-shoulder lecture which you can pass on to the man of the house . . . especially if he is peering anxiously at his receding hairline.

And as for you, ladies, if you look at yourself in the morning and turn away quick-like because that dull dry mop on your head resembles a mattress stuffing, you'd better listen too.

Of course it's your own fault if that lovely feather cut you had, that was supposed to make you look like a Botticelli cherub, looks instead like an Airedale in a high wind.

You've been warned and warned about regular brushing and getting rid of dandruff, and you've probably had a cold which left your hair harsh and dry, but you haven't done anything about it.

As for Papa, if he is a candidate for the baldheaded row, it's partly his fault too. He probably still takes his shower without the protection of a cap, and he hasn't taken the trouble to investigate a really wonderful pomade that will do wonders for your hair and his.

This pomade is put out by a sterling firm which has treated hair problems of men and women for 30 years. It does wonders for dry scalp . . . dandruff . . . falling hair . . . premature graying . . . all enemies to your hair health.

At night, brush the hair upward and outward, to remove the dust and grime of the day. Use a good brush . . . incidentally this firm makes a splendid one.

Apply the pomade with your finger-tips to the roots of your hair. Massage it in. Tell Papa to concentrate on the temples or wherever his hair is weak and thin.

You will notice a difference very shortly. But remember, don't put off doing it until next week or next year. Every day of delay makes a comeback just that much harder.

Arline Gould will tell you the name of this product and where to buy it, at a reasonable price, if you call LIBerty 4000 week-days except Saturday between 9 and 5; or write to the Boston Evening American, enclosing a stamped, self-addressed envelope.

NEWS FOR MODERN WOMEN

• FOOD •

By Martha Lee

IF YOU WANT something with a definite party atmosphere that won't be too much of a strain on the budget, serve a half ham on Valentine's Day. Whether it is to be the main dish for a special party or just the family dinner, ham is a grand choice.

For a menu that will bring out sentiment in everyone, try a pineapple juice cocktail served in the living room. A red gelatin salad, heart-shaped and nested in a leaf of lettuce will further carry out the festive theme. Cauliflowerets and Harvard beets may be the vegetables on the menu. Cranberry or raspberry sherbet will end a well-planned meal with a flourish.

BAKED HAM

Place whole or half ham fat side up on a rack in an open roasting pan. Make an incision and insert meat thermometer so that the center of the bulb reaches the center of the largest muscle. Be sure that the bulb does not rest on either fat or bone. Do not cover and do not add water. Place in a slow over (300 deg. F.) and bake until done. Smoked ham is done when the meat thermometer registers 170 deg. F. Allow about 25 minutes per pound for baking a whole ham and about 30 minutes per pound for a half ham. Many of the hams now on the market are done at an internal temperature lower than 170 deg. F., and require about one-fourth less cooking time than given above. Cooking directions are enclosed with these hams and should be followed.

About 45 minutes before the ham is done, remove from oven and take off rind (if any). Cover the surface with 2-3 cup of brown sugar. Return to the oven to glaze and finish baking.

Apple slices shaped like hearts are covered with cherry pieces as an attractive garnish.

VALENTINE SALAD

1 pkg. lemon-flavored gelatin
1 cup hot water
1 cup tomato juice

Pour the boiling water over the lemon-flavored gelatin and stir until dissolved. Then add the tomato juice. Pour into heart-shaped mold and set in the refrigerator until firm. Serve on lettuce with mayonnaise, salad dressing or horseradish dressing.

BAKED HAM for dinner on Valentine's Day

HARVARD BEETS

6 medium-sized beets
⅓ cup sugar
1 tbsp. cornstarch
¼ cup water
½ cup vinegar
1 tbsp. butter
¼ tsp. salt

Cook and slice beets. Mix sugar and cornstarch, add water and vinegar and cook until thickened, stirring constantly. Add butter and salt. Add beets and bring again to the boiling point. Makes 6 servings.

CRANBERRY SHERBET

1 17-oz. can jellied cranberry sauce
2 tsp. grated lemon rind
3 tbsp. sugar
6 tbsp. orange juice
2 stiffly-beaten egg whites, or
1 cup heavy cream, whipped

Break up cranberry sauce with fork; add lemon rind, and sugar dissolved in orange juice. Freeze in refrigerator tray until partially set, fold in egg whites or cream. Freeze until firm.

One of the nicest things about ham is that the left-over portions can be used for flavor in soups, as ground meat for meat loaves, or just sliced cold.

HAM LOAF

2 cups cooked ham
1½ cups soft bread crumbs
2 eggs
1 cup milk
2 tbsp. parsley, minced
Seasoning

Chop or grind ham. Add milk to well-beaten eggs. Add crumbs and ham and parsley with salt and pepper to taste or any desired seasoning. Place in a well-greased pan or casserole which is in turn placed in a shallow pan of water. Bake in a moderate oven (375 deg. F.) for 30 to 40 minutes, or until firm. Makes 4 to 6 servings.

The loaf may be highly flavored with spices such as cinnamon, clove or nutmeg.

Use minced onion or finely cut chives, Worcestershire sauce, or dry mustard as additional flavoring.

IT'S BROCADE OR SATIN FOR THE SPRING BRIDE

By BETTINA BEDWELL

THERE seems to be more marrying and giving in marriage this late Winter than for years and years. The crop of brides is always a bumper one in wartime, and the brides are showing a liking for traditional wedding dresses wherever it's at all possible.

While many hasty marriages to the tune of whatever dress you happen to be wearing are on the increase, the dream bride in white satin and tulle is not neglected, nor on the wane, according to the records since late Fall.

Many designers who in ordinary times pay small attention to making bridal clothes, are showing them for this Spring. And the trailing dress of satin or brocade seems to be their idea of the wedding dress.

Howard Greer of Beverly Hills designed the bridal dress of Gloria Vanderbilt in December, making it of heavy, double-faced ivory satin, which has set a tone for many young brides' costumes for months to come.

Miss Dulin makes a sketch of this particular bridal costume which is a model for the best formal brides of the year. It is, as you can see, draped at bosom and hipline, with short sleeves, and a long tulle veil trimmed with ruffles of pleated tulle.

MRS. ROOSEVELT SAYS: **Exclusive**

N. H. Gift Pleases First Lady

By ELEANOR ROOSEVELT
National Woman Director of Civilian Defense

WASHINGTON, Monday—It was perfectly wonderful on Saturday morning when I stepped off the train, to be met at 7 o'clock by our eldest son, who had just flown in from the coast on orders. I find that in war time these visits are always a surprise. They are doubly precious, not only because of their unexpectedness, but because one's whole outlook today is sharpened to an appreciation of the need to make the most of every opportunity to be with those one loves.

My nephew, Mr. Henry Roosevelt, also was with us for a brief two days, so we had a quiet family dinner Saturday night. Yesterday, I went to see a friend in the hospital and devoted most of the afternoon catching up on mail.

I am spending today entirely at the Office of Civilian Defense, so I was happy to be able to see Mr. and Mrs. Grosvenor Allen, of Oneida, N. Y., at lunch time. When old friends come to Washington, it is such a joy to see them even for a short time.

I SAW BY the papers that Franklin, Jr., was resting comfortably in the Brooklyn Naval Hospital over the week-end. As a matter of fact, he returned home on Saturday, after being checked up at the hospital, he was ordered to report on Monday afternoon in preparation for the removal of his appendix early Tuesday morning.

I am so thankful that after the slight attacks which he had during his last period of sea duty, he is able to get off and to have this operation performed, for destroyers in winter seas are not very good places on which to be taken ill. He tells me over the telephone that the new baby is wonderful, but he is a little afraid of handling him.

We have a perfectly lovely baby spending a few days with us in the White House. She is three-and-a-half months old, the daughter of my cousins, Mr. and Mrs. W. Forbes Morgan, Jr., and seemed completely engrossed in the President so long as he held her in his arms.

THE GOVERNOR of New Hampshire, the Hon. Robert O. Blood, has sent me two wonderful wooden pails. They are called "Granite State Bomb-Pails," and he says:

"We of New Hampshire are pleased to contribute in a small way to the national defense program by furnishing a substitute which will conserve scarce materials, such as metal, using hurricane lumber and using labor of an average of 60 years of age is found in our pail factories."

I think you will find them most satisfactory. They look ample and substantial.

Hub Fire Dogs Win All Hearts

Those who have criticized the fire department for fooling around with the Dalmatian dogs had their answer today after the 63d annual concert and ball of the Boston Fire and Protective Departments.

For five of the black and white spotted animals won the hearts and plaudits of the crowd of 12,000 persons who turned out for the annual big event of the fire fighters.

The dogs, Bingo, Checkers, Sussex, Smokie and Neddo, performed like magic. They showed how they could do rescue work during blackouts by carrying first aid supplies and leading rescue parties to injured civilians.

And the dogs have little use for Adolf Hitler. Just at the mention of his name the beautiful animals bared their teeth and ran from their platform.

Bali Beauties In Fine Arts Film

The Fine Arts screen, starting tomorrow, will present a pre-World War view of an island, a South Sea island, when such ocean beauty spots were shangrilahs . . . not targets for enemy bombers.

The picture is "Sins of Bali" and was filmed on that island. Beautiful bronze-tinted native girls and exciting sequences revealing the strange religious ceremonies and dances are highlights of this story of love an witchcraft in the South Seas.

On the same bill will be shown "She-Devil Island," which has an all-Mexican cast. Filmed in Mexico, the picture is as well a travelogue of one of the world's favorite vacation lands.

MARY NEWLAND
'Death at a Broadcast'

Atwill's Latest At Trans-Lux

Lionel Atwill, in "The Mad Doctor of Market Street," and "Death at a Broadcast," with Mary Newland, are to be seen on the Trans-Lux screen, starting tomorrow.

"The Mad Doctor of Market Street," in which Una Merkel appears opposite Atwill, is concerned with the adventures of an oddly assorted group of shipwrecked survivors marooned on a tropical island at the mercy of an insane physician.

The fugitive medical man is obsessed with the idea that he can bring people back to life, a belief which leads to one fantastic crime after another.

Supporting players include Ann Nagel, Nat Pendleton and Richard Davies.

Church Musical Gems by Choir

In spite of hit parades, the most popular music of all time is church music. Those tunes endure the longest.

The tunes themselves may wander far afield, showing up in the varying guises of unrelated songs, symphonies and what-not. But the source, the early Roman Church, remains the same.

The 16th century saw the greatest flowering of the music art. It was then that such magnificent geniuses as Palestrina, the Roman; Vittoria, the Spaniard, and de Pres, the great Flemish master, wove some immortal strands of melody together, making the first great attempts at harmonized song or polyphony.

The greatest glory of 16th century polyphony will be exemplified in the forthcoming concert in Jordan Hall Sunday evening, March 1, Given by the vested liturgical choir of men and boys (direction of Leonard S. Whalen) of the Chuch of the Immaculate Conception, Boston.

Bound up as they are with the ceremonies of the Roman Catholic Church, it is seldom that the masterworks of church liturgy are performed in public, which adds to the expectation of the choir concert, in which Sanroma, eminent Boston pianist, will also appear.

NEW DISNEY CHARACTER

Walt Disney has created a new girl character in Jenny. She's a burro and appears for the first time in the RKO Radio released short subject, "The Village Smithy." Jenny makes her film debut opposite Donald Duck.

'Pal Joey' Author At Work on Film

John O'Hara, who wrote the original "Pal Joey" sketches in New Yorker magazine and then authored the book of the successful Broadway musical comedy based on the series, has checked in at Columbia to write a screen treatment of the same vehicle.

'The American Way' Will Be Screen Epic

Columbia plans to make "The American Way," Kaufman and Hart's outstanding Broadway stage hit, one of the most important productions ever scheduled in Hollywood. George Stevens will direct and produce it. Sidney Buchman has been assigned to the script.

'HOW GREEN WAS MY VALLEY' COMING TO KEITH MEMORIAL ON THURSDAY

Two Previews Tomorrow Night

"How Green Was My Valley," the 20th Century-Fox film version of Richard Llewellyn's novel of the same name, is at long last to have its New England premiere on Keith Memorial screen.

Tomorrow evening, it is to be given two preview screenings—at 6.30 and 9:30—preceding the regular opening on Thursday morning. The co-feature is to be "Niagara Falls," with Marjorie Woodworth, Tom Brown and Zasu Pitts.

More than five million persons read "How Green Was My Valley." The picture is already building up to impressive boxoffice records wherever it has been shown and has been voted one of the year's 10 best pictures.

Laid against the colorful background of a Welsh mining village, the story is unfolded by the youngest member of the family, Huw, played by Roddy MacDowall, who traces the history of the Morgan family over a period of years.

Walter Pidgeon, cast as a minister; Maureen O'Hara, as the lovely Morgan daughter who loves him; Donald Crisp, the kindly but firm father; Sara Allgood, as his spirited wife, are important in the story. Others are Barry Fitzgerald Patric Knowles and Anna Lee.

"How Green Was My Valley" was directed by John Ford, Academy Award-winning director responsible for so many fine pictures.

—FOR VICTORY: BUY BONDS—

Thrill Program for Shawmut Theater

Shawmut Theater screen promises screen thrills on Thursday, Friday and Saturday, when it will present the latest "Superman" release. As an added attraction for the three days, there will be "It Started With Eve" and "Mob Town." The popular Roxbury M. & P. house is host to the Shawmut Theater Patriotic Club, its membership including most of Roxbury's children, every Saturday afternoon.

"MY BEAUTY," Donald Crisp is probably murmuring to Sara Allgood, who play the heartwarming Morgans in "How Green Was My Valley," finally coming to Keith Memorial screen tomorrow evening.

Youthful Cast Gives Musical

"The Student Prince," now in the second and final week of its present farewell engagement at the Shubert Theater, was first presented when the world was a little frenzied with post-war excitement and so it is probably fitting that it should be withdrawn when the same world is engulfed in a new and more frightening conflict.

But there is no sadness in the enjoyable Shubert performances, now being given by one of the youngest companies ever to sing Romberg's delightful music.

Youthful Barbara Scully is the Kathie, and Robert Davis sings the title role. Others are Detmar Poppen, Nina Varela, Lloyd Harris, Jey Presson, James Donnelly, Joanne Tree, Alex Alexander, William Castle, Richard Reeves, Robert Kennedy and the male chorus.

Dowling's Play May Open Here

"Life, Laughter and Tears," the production involving three short plays, two by William Saroyan and one by Sean O'Casey, may preview in Boston before its scheduled Broadway premiere in March. Julie Hayden and Eddie Dowling, who is the producer, are the only definite members of the cast so far.

—FOR VICTORY: BUY BONDS—

'Design for Scandal' Tops Olympia Bill

"Design for Scandal," with Rosalind Russell, Walter Pidgeon and Edward Arnold, is the Washington St. Olympia's new screen feature. Teamed with it is "Cadet Girl," co-starring Carole Landis and George Montgomery.

NADINE CONNER, brilliant American soprano, who will make her opera debut as Pamino in Mozart's "Magic Flute," highspot of the forthcoming opera season, on Friday evening, March 20, second evening of the engagement, at the Metropolitan Theater.

EVERY PAPER SAVED TO HELP LICK JAPANESE

NEW YORK, Feb. 10 (AP)—The national drive to gather wastepaper for war production of cardboard, the wastepaper conservation commission said today, reached an all time peak in January with collection of almost five pounds of paper for every person in the United States.

The commission, operating under government guidance, said the collecting had been done principally by Boy Scouts, charitable agencies and housewives. Stressing the need for increased effort, it said:

One Sunday newspaper turned into cardboard would provide eight boxes for large caliber bullets, 15 dust covers for airplane engines used in sandy regions, seven practice targets, or a container for a shell large enough to knock the roof off any house in Tokyo."

Defense Saving Aids Nation's War Effort

By DANIEL J. DOHERTY
Massachusetts Defense Bond Administrator

The purpose of the Defense Savings Program is to enlist the citizens of America in affirmative aid to the great national effort for the freedoms for which the country stands.

It is to cause, if possible, every American citizen to take part in the program of effective national defense, not merely through passive consent to the endeavor, but rather by positive and loyal participation in the program.

One of the paths for attaining this objective is the regular, systematic saving of a part of each individual's earnings during the period of total defense.

Billions of dollars are being spent on planes, tanks, guns and equipment for our armed forces. This leads to vigorous employment of our natural and human resources and a substantial increase in the money income of the people.

BUY A SHARE OF U. S.!

It is desired that a substantial part of this current income be saved by those who receive it, not only for immediate values, but as a cushion to the shock which may come when the government is able to abandon its defense spending.

The best means of doing this is for each citizen—man, woman or child—to become a partner of Uncle Sam by investing in savings bonds and stamps. By so doing, each such citizen in the United States owns a share in America, and thus takes a real and personal part in the defense of democracy.

A payroll allotment plan provides the most convenient, easy, systematic method by which the workers and salaried people of America can invest in a share of their own government on the installment or budget plan.

It will provide a simple, easy and automatic means by which the employe may save regularly an amount he or she can afford and adopted by any reputable business concern or industry. A concern does not have to qualify as an issuing agency or receive permission from the Treasury Department to adopt the pay-roll deduction plan.

United States Savings Bonds are government obligations and are the prime investment of the nation's insurance companies, trust companies, and other fiduciary institutions which are custodians of trust and other funds, and as such seek safety as a first consideration.

Authorization to the company by employees of a regular allotment from their earnings for the purchase of bonds in specified denominations. The allotment is voluntary and will continue until such authorization is canceled or changed.

PAYROLL PLAN SIMPLEST

The payroll plan prevents carelessness or forgetfulness and insures an uninterrupted program of savings each pay period, with a minimum of effort on part of the employe. It helps the employe to avoid skipping a savings period and spending the money for non-essentials.

The plan is very simple and easy to administer and can be applied

DELIVERED BY MAIL

Upon accumulation of the required amount, the company will arrange with a qualified issuing agency to purchase a bond in the amount requested and have it registered as requested on the payroll authorization form. Bonds so purchased will be delivered by the issuing agency direct to the employer-purchaser by mail.

No interest will be paid upon such allotments while the purchase price is being accumulated. As soon as sufficient funds have been accumulated to purchase the bond the company will within one month purchase such bond.

All money while being accumulated will be held in trust, be placed in a separate bank account and be used only for the purchase of bonds as directed.

CITY WORKERS SCORE 'BUY BOMBERS' HIT

Continued From Page 3

clerk, and Edward A. Hoey, treasurer.

Remember—the BUY BONDS FOR BOMBERS CAMPAIGN is for every man, woman and child in Massachusetts. It provides a glorious opportunity for active participation in our air victory program.

When you buy Defense Bonds and Stamps, especially that their purchase is in connection with the BUY A BOMBER campaign. The money you lend as a symbol of your faith in this nation's destiny then goes into the Massachusetts fund, to provide our forces with the greatest air fleet of all time.

In all areas, group pledges of bond purchases allocated to the bomber fund are sought. Corporations with 500 or more employes are asked to arrange for payroll deductions for the purchase of bonds and stamps by their workers who wish to join.

STEADY SAVINGS PLAN

Along this line, Daniel J. Doherty, Massachusetts Defense Bond Administrator and former national commander of the American Legion, said today:

"The payroll plan prevents carelessness or forgetfulness and insures an uninterrupted program of savings each pay period, with a minimum of effort on the part of the employe. It helps the employe to avoid skipping a savings period and spending the money for non-essentials.

"The purchase of bonds by employes is voluntary and may at any time be interrupted or cancelled at his or her own discretion. It is safe to say that any employer who is blessed with thrifty, loyal, patriotic employes if far better off than if the opposite were true."

However you buy under the BUY A BOMBER plan, the amount raised and credited to the bomber fund during the four weeks of the campaign will be credited to MASSACHUSETTS BOMBERS.

WRITE, DON'T PHONE

So BUY NOW. We buy 'em; they fly 'em. And WRITE to the BUY-A-BOMBER EDITOR, 5 Winthrop sq., reporting your purchases.

This notification should be made, so that the amount represented by such individual purchases may be listed beside the name of the person.

Groups purchasing bonds for the drive are invited to write, or to telephone the BUY-A-BOMBER EDITOR at Liberty 4000.

It is specifically requested that individual purchases be reported in writing, rather than by telephone. Following is the listing to date:

Mass. Dept., American Legion	$100,000

Fix Hearing Blame? It's The Japs

—By ARTHUR "BUGS" BAER—

Distributed by International News Service

There seems to be some inclination to fix the blame in those December surprise attacks and we have blamed everybody but the Japs.

Back in 1922 after the London Naval Conference I threw a strike with the crystal ball by predicting just what happened.

And I also wrote a line that is still good today, "You have buttered your toast and you must still lie on it."

The truth about December is that it can and has happened to people who were ready for it.

The best example is the Bismarck, the most powerful thing afloat except the smell in the ark on a rainy day.

And the Bismarck sure made some fine bubbles without using soap and a pipe.

LAFF-A-DAY

"Oh, Hans, here comes Mrs. Gibson's skis in, empty again!"

HOW COME YOU'RE SO SWIFT AND SNAPPY? YOU USED TO BE SUCH A SKINNY, RUN-DOWN LITTLE NO-GOOD!
I WAS ALL OF THAT! FOUND OUT I HAD A "VITAMIN B COMPLEX DEFICIENCY," UNDERSTAND?
UNDERSTAND VITAMINS... BUT WHAT'S THE "B COMPLEX"?
SAY, IT'S IMPORTANT! IT'S THE ONE BIG GROUP OF VITAMINS SCIENTISTS EVERYWHERE ARE TALKING ABOUT! LACK OF IT KEEPS MILLIONS BELOW PAR. AND IT'S ONLY FOUND IN NATURAL SOURCES, SUCH AS YEAST
DID YOU SAY YEAST? REGULAR FLEISCHMANN'S YEAST?
SURE DID, AND I THINK IT'S THE BEST BECAUSE, IN ADDITION TO THE B COMPLEX, IT HAS OTHER VITAMINS NOT FOUND IN ANY OTHER YEAST. CHEAP TOO! MAYBE IT WOULD IMPROVE YOU
AND YOU'LL CERTAINLY LIKE THE SWELL NEW WAY TO TAKE FLEISCHMANN'S... IN TOMATO JUICE. JUST MASH A CAKE IN A DRY GLASS, ADD A LITTLE TOMATO JUICE, STIR TILL BLENDED. FILL UP THE GLASS AND DRINK IT... TWICE A DAY. TASTES LIKE OVEN-FRESH BREAD! BUT GOOD!

If you bake at home, remember that Fleischmann's has more vitamins than any other yeast.

MANDRAKE

I SHOULD NEVER'VE SENT NAILS TO SEE MANDRAKE AND LOTHAR.. THEM GANGSTERS STOP AT NOTHING!
I--THERE GOES NAILS IN! RUNNING? I THE MURDERED MANDRAKE --? I MIGOSH --
MANDRAKE! OH--I THOUGHT--I THOUGHT --WASN'T NAILS AND HIS THUGS HERE?
YES, INDEED, SHARPY, BUT THEY SUDDENLY REMEMBERED A PREVIOUS ENGAGEMENT. IN FACT, THEY LEFT SO FAST, THEY FORGOT THEIR GUNS!

KRAUTS BID FAREWELL AGAINST LES CANADIENS

Billy Conn Returns to Big Time

BILLY CONN will step into a New York ring with his fighting togs on for the first time since he was knocked out in 13 rounds by Joe Louis when he battles Tony Zale, world's middleweight champion, in a 12-round bout in the Garden on Friday night. As Conn trades blows with the lighter Zale, he will be reaching for a return tussle with Joe Louis.

The plans for the million dollar show between Louis and Conn in June are all arranged. Only a setback for Conn at the hands of Zale or from one of his other warmup opponents could upset the arrangements of Mike Jacobs of the Twentieth Century Club.

Conn will outweigh Zale by from 15 to 20 pounds. Zale will weigh about 162 pounds, while Conn will enter the ring between 180 and 183 pounds.

This will be a pleasant relief for Conn who in recent bouts has been spotting his opponents from 20 to 30 pounds.

Conn is expected to receive a fine welcome from New York's boxing fans. Billy was the darling of the crowd as he fought Louis with so much courage and ability until the thirteenth round of their bout.

It is a certainty that Conn would have won the title on points if he had boxed Louis in the closing sessions rather than trying to outfight him. There is not a heavyweight in the world who can stand toe to toe with Louis and expect to avoid being knocked out.

After Louis nailed Conn with a left hook to the jaw, he rocked him with crashing left and right hand smashes to the head and body. Few of Louis' opponents have taken as much punishment as did Conn during the thirteenth round.

It is still a question in the minds of many experts as to whether Conn will recover completely from the hammering he received.

One thing is sure, and that is that Conn will never underrate Louis' punching power again. He won't be silly enough to think he can get past the champion's withering fist fire when he goes to town under full steam.

Bob Pastor's Mistake

Bob Pastor made the same mistake as did Conn. He had weathered 10 rounds with the champion in New York, and became very cocky over his feat. Bob was later given a return tussle with Louis in Detroit over the 15-round route.

Before the bout I talked with Pastor, and he told me how he was going to punch it out with Louis from the opening bell, confident in his belief he could win the hard way.

"You don't intend to let Pastor fight as he says he is going to," I later said to Jimmy Johnston

"Of course not," replied Jimmy. "You don't think I intend to get him killed."

In the first round, Pastor landed a righthand flush on Louis' jaw. Bob is a hard hitter despite the fact he has built his reputation chiefly around his class as a boxer.

Louis sagged under the snap of the blow. This was the worst thing that could have happened as far as Pastor was concerned. It convinced him he could knock Louis out.

Jimmy Johnston and a dozen seconds could not have held Pastor in check after that early success. He cut loose with blistering punches and forced Louis back into a neutral corner.

Louis then got his bearings, and crashed a left to Pastor's jaw. Bob fought back only to get knocked down by Louis' right. Before the round ended Pastor was on the canvas four times.

Bob then boxed carefully and managed to last eleven rounds. If he had boxed Louis instead of trying to win by a knockout, he might have won the decision.

Pastor may get another crack at Louis, and if he does I do not believe he will try to blast Louis out of the ring.

Louis at His Best

Louis is at his best physically. This was evident in his winning bouts with Lou Nova and Buddy Baer.

Army life will add to Joe's physical perfection. He will be the perfect fighting machine when he risks his title against Conn in June.

One of the Army relief societies will receive part of the receipts of the Louis-Conn bout. Joe wants it that way. He feels he did his bit for the Navy when he gave his entire purse from the Baer bout, minus training expenses, to the Naval Relief Society. The Army's share of the receipts from the Louis-Conn bout should set a new high for wartime charities.

Louis, of course, will be a favorite to win. The champion has proved he always does better against an opponent when he meets him for the second time.

Once the "Brown Bomber" gets the range he is a pretty hard man with whom to contend once he has encased his powerful fists in six ounce gloves Joe says he got the range on Conn as he knocked him out.

BOBBY BAUER

MILT SCHMIDT

Next Time They'll Play it Will Be Against Bruins for R. C. A. F.

By BILL GRIMES

When the bell rings ending tonight's Bruins-Canadiens game, there'll be few dry eyes in the Boston Garden, for the pressing of that little button by the official timer will cause the fans to realize that the Krauts have wound up their careers as Rossmen for the duration of the war.

In all the years the Bruins have been in the N. H. L., there has never been a more popular line than Bobby Bauer, Milt Schmidt and Woody Dumart. They have developed a tremendous following. And, every Kraut fan will be at the Garden tonight to give Bobby, Milt and Woody a fitting sendoff.

On Saturday, the Krauts will be inducted into the Royal Canadian Air Force at Ottawa. On the morrow, Bauer and Schmidt, accompanied by the former's wife, will depart for the Canadian capital but Dumart will remain until Thursday.

1ST LINE CALLED TO COLORS

During the five seasons they've been with the Bruins, Bobby Bauer, Milt Schmidt and Woody Dumart gained international fame—first as the Kitchener Kids, then as the Sauerkrauts, and, now they have won further distinction by becoming the first hockey unit called to the colors.

Naturally, Manager Art Ross will start the Krauts tonight. And, like every fan, the boss of the Bruins knows that Bobby, Milt and Woody will really turn the heat on the Flying Frenchmen. The Krauts are winding up their most successful season. They have been the spearheads of the Rossmen all season and they'll bend every effort to wind up their careers with a most stellar exhibition.

Ross has seventeen players available for tonight's classic. However, the rules allow only fourteen players, exclusive of goaltenders, to dress, so two of the Bruins will sit out the performance.

Lloyd Gronsdal, who is the third Olympic player to be recalled in two days, signed a Bruin contract yesterday but it is doubtful if he'll dress.

After losing straight games to Americans, Hawks and Rangers, the Rossmen snapped out of their slump at the expense of the Detroit Red Wings on Sunday, when they played their 12th game in 22 days. During that stretch which called for games practically every other night, the Rossmen didn't fare so well, mainly because of the losses of Capt. "Dit" Clapper and Bill Cowley. They were on the losing end of six games and were tied by the Maple Leafs and Canadiens for a total of only ten out of a possible twenty-four points.

CANADIENS WON'T GIVE UP

During the next fortnight, the Bruins will play but two games, next Sunday in Chicago and one week from Thursday in New York. Because of the departure of the Krauts after tonight's game, it is fortunate that the Bruins have a break in their schedule for Manager Art Ross must revamp his forward line combination and also solve a defense problem.

Although they are in last place, Les Canadiens figure to beat out either the Americans or Detroit, probably the latter, and make the playoff. The Flying Frenchmen have been spotted due to lack of experience but Manager Dick Irvin refuses to toss in the sponge.

• • •

Terry Reardon, loaned to Les Canadiens by the Bruins because of passport difficulties, will make his first appearance this season on Boston Garden ice. Reardon accompanied the Montreal team here for his first game outside Canada this season. He has been granted a 48-hour passport to permit him to play national hockey games in the United States.

Braves Sell Catcher Berres

The Boston Braves announced today the outright sale of Catcher Ray Berres to the Jersey City club of the International League.

Berres was obtained in a deal with Pittsburgh in the middle of the 1940 season.

In Jersey City, the Giants also announced that it was a straight cash transaction.

Berres, a fine mechanical catcher but weak hitter, first came into the National League with Brooklyn in 1934, and after being optioned back to the minors, became the property of the Pirates, with whom he played in 1938 and 1939 before being traded to the Braves for Al Lopez in 1940.

Today's deal resulted from Boston's acquisition of big Ernie Lombardi from Cincinnati last week-end.

Bill Conroy, Red Sox Catcher, Comes to Terms

Bill Conroy, drafted by the Red Sox from the Oakland team of the Coast League was the third Red Sox player to sign his 1942 contract, according to Eddie Doherty, press representative of the club.

Ulysses Lupien and Norman Brown agreed to terms yesterday. Conroy hit for .290 last year and according to reports is one of the most promising young catchers to come to the majors.

B. C., B. U. SEXTETS CLASH TONIGHT AT ARENA

George Malone, Arlington junior, will replace Charlie Sullivan, Melrose senior, who was inducted into the Army yesterday, at right wing on the Boston College second line when the Eagles tussle city rival Boston University in a New England Intercollegiate League return bout at the Arena tonight.

Freshman teams of the two schools will also meet.

Sullivan is the second member of the Eagle hockey squad to enter the service since the season started. Linden "Lindy" Blanchard joined the air corps the morning after the last Boston University game—played Jan. 13. Larry Babine, sophomore member of last year's championship Eagle sextet, joined the colors last summer.

B. C. is favored to best B. U. and run its win streak in N. E. competition to 26 straight games. Six of the decisions have been registered this season. The Eagles who lead the N. E. loop and appear headed for their third straight circuit championship, drubbed the Terriers, 8-2, in January.

Should Terrier Capt. Henry "Hank" Sullivan have one of his better nights in goal the intown lads will make a game of it. Then again the loss of Blanchard and Sullivan together with the fact that Wally Boudreau, leading B. C. scorer, is nursing a sore knee, weakens the Eagle six.

The freshman game could easily steal top rating. Neither yearling six has been defeated this season. B. U., in the opinion of veteran Terrier railbirds, has the best frosh team in the past half decade. The Pups and the Eaglets hold victories over Andover by practically identical scores.

Cubs Not Interested In Dean Comeback

CHICAGO, Feb. 10 (INS)—General Manager James T. Gallagher and Manager Jimmy Wilson of the Chicago Cubs were in complete accord today in stating that, while they bore only the kindliest feelings toward Dizzy Dean, they wanted no part of him as a pitcher.

Their expressions of willingness to get along without the services of the once great pitching star were provoked by a published interview with Dean in which he said he was getting in shape for a come-back and wanted to "show those guys in Chicago that I can still play baseball."

Dean, after he was purchased from the St. Louis Cardinals for a reported $185,000 and several players, won only 18 games in three years with the Cubs. Supporting Gallagher's assertion that the Cubs no longer were interested in Dean, Wilson said:

"I think everybody knows we gave Diz a fair trial last spring. He couldn't make good for us, but I still think he might win in the minors if used about once every two weeks. And there's one thing certain. He'll never walk the batters. They have to knock him out to beat Diz."

Lewis Sincere On Comeback

Ed "Strangler" Lewis, former wrestling champion of the world, makes the most serious bid of his athletic life tomorrow night when he opposes The Angel, current title holder, in the main event at the Arena. Even Lewis himself admits it will be his last appearance before a Boston audience unless he lifts the championship, and of that he feels pretty confident.

"When I first came here, a lot of fans thought I was fooling," Lewis said. "But those who have seen me in my gymnasium workouts know differently. I am very serious, and I honestly think I will take the title. What's the sense of kidding one's self. I am very sincere about this comeback, and if you don't think so, look at the records for the past few months. I have beaten some pretty good men, men who are considered topnotchers."

At his workout yesterday, Lewis weighed 278, which is only 20 pounds more than he scaled when he was champion.

Ocean Baths Cure Ailing Challedon

Having had a good look at Challedon in the stretch, the Florida folks probably are willing to admit today that there is something good about California after all, according to the Associated Press.

For when Big Pete came roaring down to a smashing second at Hialeah Saturday in his first outing since they wrote his obituary last July, he was running on legs made sound again by daily baths in the Pacific off California's shores.

Last summer you could have had any price against the chances of Wm. L. Brann's big hoss ever answering the starter's "come on" again. He had been well whipped several times and looked more like a selling plater in fast company than the champ of 1939 and '40.

MAYBE IT WAS GOUT

He was as washed up as last week's laundry. There was no official explanation of just what was wrong, but you heard that the trouble was everything from a cracked quarter to the gout.

Brann decided right then to try the Pacific baths on the ailing legs of Challenger II's big bay son. It worked so well Challedon was able to turn on that famous run home Saturday for the first time in a year — the same run down the straight road with which he stole Johnstown's thunder three years ago and which made him the horse of the year two seasons in a row.

And now, he not only ranks as one of the choices for the rich Widener coming up, but with Whirlaway shut out of picking up any loose change this winter, floppy-eared Pete also may get first crack at Seabiscuit's $437,730 money winning record.

WHIRLY IN THIRD PLACE

At this moment, Whirly stands in third place with some $372,000. Challedon's bankroll is about $325,000. If he remains sound—and the word is he came out of Saturday's session as smoothly as a clock—the long-maned galloper can close a lot of the gap in the Widener and whatever other pay days there are around Florida this winter.

What's more, he and Whirly probably will hook up in one of the big eastern stakes, come spring.

MOORE THINKS MAYBE HE'S AT RAINBOW'S END

LANCASTER, Tex., Feb. 10 (AP)—Little Gene Moore—once considered washed up because of an injury—took time out from his farm chores today to observe that at last he may have come to the end of baseball's rainbow.

In the game a dozen years, the 32-year old hardworking Moore never played on a major league pennant winner. But now he's going over to the New York Yankees, richest team in baseball and World Series champions five times in six years.

Moore was with Brooklyn just before the Dodgers got into the series, but that's the closest he's ever come to playing in the classic.

It was the same way with his father, the late Gene Moore, who played 15 years. The only time he landed on a club that went into the World Series it was too late for him to participate.

Gene doesn't know what plans the Yankees have for him, but he hopes to land in their outfield.

He murdered Yankee pitching in training season games several years ago, and the Yanks tried to get him at that time. That and the fact the club may be short of seasoned outfielders because of the draft makes him believe he has a chance.

With two children, and 32 years old, Moore isn't likely to be called soon.

Gene is playing without a cartilage in one knee and only one cartilage in the other, the result of an injury received during a game. He was given up as a ball player, but came back. After hours of exercising and massaging his legs seem as good as new.

"Anyway," Moore grinned, "I ought to get a chance to hit a lot for the Yankees with the pitchers passing such fellows as DiMaggio and Keller to get to me."

Meissen, the erstwhile champion of Peru, makes his first North American start today in a $1500 seven-furlong race at Hialeah Park for older horses.

The 6-year-old son of Adam's Apple and Delft, now owned by A. T. Jergins of Hollywood, Cal., never has finished unplaced. In 19 races, Meissen has won 15 times and finished second twice and third twice. One of the victories was a dead heat.

Dispose is expected to furnish most of the opposition for the South American newcomer, although Zacatine, with Basil James up, also is drawing some attention.

The record of American Wolf, under scrutiny since that horse's surprise triumph in the Bahamas Handicap last Saturday, is one of consistency.

Another product of the Court Manor Stud operated at New Market, Va., by the late Willis Sharpe Kilmer, American Wolf now has started four races as a three-year-old and has won three times. He was second once and has already collected $7360 this season.

As a two-year-old, American Wolf won four of his 10 starts and was runner-up a like number of times. Twice he was unplaced.

Friesell Quits As Grid Referee

NEW YORK, Feb. 10 (AP)—No matter what the doctors tell William H. (Red) Friesell today, the Pittsburgh football referee says he is going to respect his wife's wishes and retire from officiating.

Friesell is here to learn the doctors' decision on the leg that was broken while he was refereeing the Brooklyn-Philadelphia pro gridiron contest last September. He still is wearing a cast which the medicos may remove today.

One of the nation's outstanding football officials, Friesell officiated in the 1940 Cornell-Dartmouth game of fifth-down fame. Cornell won on the extra play, 7 to 3. Next day when the error was noticed, Coach Carl Snavely and other Cornell coaches said Dartmouth was the winner, 3 to 0.

"Had I listened to my wife two years ago, neither of those things would have happened to me," he said in telling of his retirement, "she has been wanting me to quit for years."

Dickey's Kid Brother Plans Batting Boom

LITTLE ROCK, Ark., Feb. 10 (AP)—George W. "Skeets" Dickey, younger and less famous of the catching Dickey brothers, left today for the Chicago White Sox training camp with a new manager and a new batting formula. Both, he believes, will be helpful in putting him in brother Bill's class as a hitter.

The new manager is Mrs. George W. Dickey, a home town sweetheart who teamed up with him in a Chicago ceremony a few days before the close of the 1941 baseball season.

The new batting formula, the 26-year-old Dickey said, represented a combination of the form of the best American League sluggers, which he obtained while riding the White Sox bench last year, his first full season in the majors.

NEW WEIGHT SHIFT

Skeets hit upon his new technique last fall during the Chicago city series and has practiced on it all winter, when he and Bill weren't in the fields bird shooting.

"My trouble has been that I've been shifting my weight off my back foot and falling off balance," he said. "I was lunging at the ball and as a result I wasn't getting my full power into the blow.

"From now on I'm going to stop striding, concentrate on keeping my weight on my back foot and trying to meet the ball."

Skeets recalled that Bill Dickey developed into a hitter almost overnight and believes the same thing may be in the cards for him if he can "get the breaks."

Until Bill went to his first New York Yankee training camp at the age of 21 he was only an average hitter, Skeet said. There Bill found such players as Ruth, Gehrig and Meusel pounding them to the far corners and fell into their ways. He's been doing it ever since.

Always a good receiver, Skeets has never approached Bill's form as a slugger. He played in only 30 games last season with the Sox, principally on account of his hitting, but he pounded the ball at a .335 rate with Oklahoma City of the Texas League in 1940, his eighth year in professional baseball.

M'PHAIL RAPS GOLF BUT O K'S TOURNEY PLAY

BROOKLYN, Feb. 10 (AP)—Larry MacPhail, president of the Brooklyn Dodgers, said today he had not refused any of his players permission to compete in golf tournaments and added "whatever a ball player does in the off-season is his own business."

"The only position I have taken on the baseball players' golf tournament at Sarasota," he explained, "was in a conversation with Lou Durocher about a week ago.

"He asked me what I thought aboutp laying in it and said he didn't want to enter. I told him that what ever he or the other players wanted to do was up to them, but speaking as an individual I didn't think it was a particularly good gesture for a player to get into a golf tournament at this time.

"I still say whether any of our players take part or not ie strictly up to them."

Tigers' Coach Denies Golf Bad for Players

MIAMI, Fla., Feb. 10 (AP)—A former catcher who used to play golf as a cure for a batting slump starts out tomorrow in defense of his baseball players' championship.

Merv Shea, now coach for the Detroit Tigers, can't see eye to eye with Rogers Hornsby and other diamond stars who claim golf ruins a baseball swing.

"I don't know that there is any connection between swinging a golf club and swinging a bat," Shea explained as he waited to tee off for a practice round.

"But when I could get a chance to play golf on an off day, I'd hit better the next day. I'd feel better up there at the plate."

Shea figures that baseball players as a group are better golfers than any other type of athlete because they "like to swing." They are so proficient that he predicts it'll take a score down near par for 72 holes to win the annual tournament to be played over the Miami Country Club course.

Shea started golfing in 1930. He took part in a couple of tournaments as a professional at his home at Sacramento, Cal., in 1936, but is back in the amateur ranks now.

He won the championship at St. Petersburg last year.

SKI PATROLS LENDING AID TO DEFENSE

By "TAP" GOODENOUGH

Skiing again contributes to national defense! During the past few months the National Ski Patrol has been assuming duties which are a far cry from its original purpose; namely, military duties. Necessity for this was brought home clearly when, three weeks ago, a ski patrol had to rescue the survivors of a bomber crash near Mt. Moosilauke in New Hampshire.

Tom Redstone, Dartmouth, '43, writes to tell us that with the above incident in mind, and realizing the limited success of the College Safety Patrol during the last few years, Hanover has just organized a ski patrol of its own, quite apart from the college. Julian Leslie, active locally in ski affairs and well known as the owner of the Moose Mountain Club, has been elected leader of the ski patrol. Other members of this patrol include Peggy Sayre of the Hanover Inn, Debby Bankart, ski instructress at the Inn, and Percy Rideout, coach of the Dartmouth ski team.

ALSO FIRST AID EXPERTS

The foremost duty of the patrol is maintaining watch over the various hills in and around Hanover and being on hand at the college meets. Apart from this, however, the members are endeavoring to set up an organization which may prove helpful to the government should they need aid in this area.

The start of such a patrol is greatly to be commended, and we wish it every success. Ski patrols can definitely help in National Defense and have been doing so throughout the season. The fact that all patrolmen, as well as numerous skiers, are now versed in a knowledge of First Aid is most reassuring in these times. Because of this work, skiing, more than any other sport, is making the greatest contribution to our country's needs. Keep 'em skiing!

Just 48 miles from Boston, via Route 119, located three miles north of Fitchburg on Route 31, is the Ashby Alps Ski Tow. This is about the best, "nearby," skiing terrain that we have seen, much steeper and more exciting than the average golf course. The flood-lighted practice slope is of 500-foot length, a 900-foot altitude, with a vertical descent of 125 feet. The wide, smooth and grassy drop with varied pitches provides interesting skiing on a minimum of snow. There is a warming and waxing room at the foot of the slope and ski instruction is available here. Bill Currier and Ralph Rackliffe are the boys responsible for this development and they have done a grand job.

ARMY RUNNERS IN B. A. A. MEET

Infantrymen will forget marching and prove they can fly on Saturday night in the B. A. A. track classic at the Garden. Army runners are to be featured, and today Des Wadsworth of the B. A. A. committee said he has Pvt. Jim Kehoe all signed for the Lapham 1000.

Staff Sergt. Tom Carey and two relay teams, all from Camp Edwards, also are among the Unicorn games entries.

Kehoe, formerly of the University of Maryland and now a member of Headquarters Co., 115th Infantry, U. S. Army, won the Lapham Special in the 1941 games and has told Wadsworth that he is out to repeat his performance of last year.

Kehoe's entry just about completes the field in that event. In addition to last year's winner there are Campbell Kane, Indiana champion; Gene Venzke, New York A. C.; Les Eisenhart, formerly of Ohio State, the national A. A. U. junior 800 meters champion; John Borican, Asbury Park, N. J., indoor 1000 yards champion; Bob Carroll, Northeastern, and A. G. Hillman of Bowdoin.

Opening Show Of 'Ice Follies' Aids Navy Fund

Tomorrow night the Ice Follies of 1942 opens at Boston Garden. It will be an occasion of more than usual interest to Hub figure skating fans, because of the fact that it will also be Navy Night, with the entire proceeds being donated to the local chapter of the Navy Relief Society.

Mrs. William T. Tarrant, wife of Admiral Tarrant, commander of the First Naval District, heads the Navy committee in charge of the event. Other members of the committee are Mrs. Ronan C. Mr. Charles Francis Adams is honorary chairman.

The return of Ice Follies, all new for 1942, is an event in itself, for during the course of a winter season this popular ice skating show is witnessed by a million and three-quarters people, with Boston holding the record for attendance

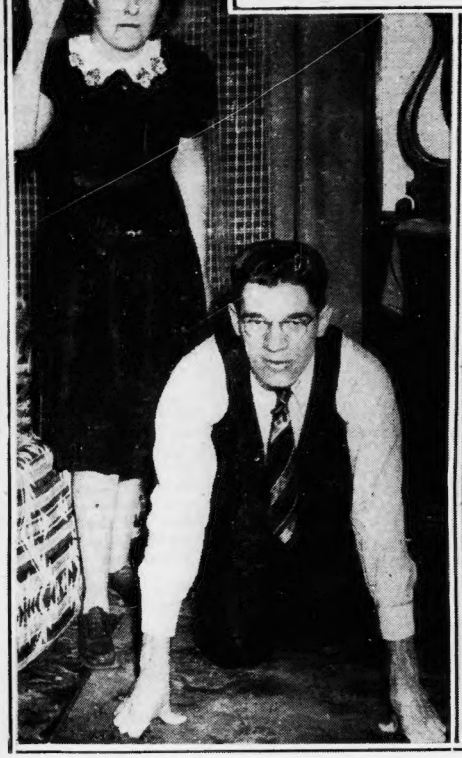
DODDS SET TO RENEW RICE FEUD



Boston Evening American Photo

FLYING PARSON—Gilbert Dodds, Boston theological student, gets on his mark as his wife Erma acts as starter in their apartment. Mrs. Dodds won't be satisfied until her hubby has defeated Greg Rice who nipped him last Saturday at the Millrose game by four yards in the phenomenal time of 8:52:8. In the photo at the right, Gilbert huddles with Coach Jack Ryder of B. C., who trained him for the mile before the Millrose games but was forced to enter him in the two-mile. Dodds is expected to run the two-mile in the B. A. A. games Saturday.

From all indications, Mr. Dodds (Gilbert of the B. A. A.), will be playing a return engagement with a rugged Gregory Rice in the Billings two-mile run at the Boston Garden Saturday night, when the B. A. A. holds its 53d annual games.

Although it hasn't been officially announced, the matching of the Flying Parson and the Mid-Westerner looms as one of the outstanding "naturals" to come within scope of the local athletic association in years.

And if Mrs. Dodds has her way about it, the ace of the two-milers, Rice, will be crossing the finish line in time to tie knots to the tape which her personal favorite will have broken seconds previously. But Gilbert doesn't whole-heartedly agree.

"There's no denying," stated the Theological student, "that Rice has a powerful lot of running in his legs.

"Last week's performance was just that—last week's," he continued. "If Greg hadn't run into trouble, the race might have turned out entirely different. I couldn't predict how I'll make out this week. As a matter of fact, I don't even know if I'll be running the two miles.

"Everything depends on Jack (Coach Ryder). If he says the two-mile, I'll give my best in that. If he says one mile, I'll still be out there to win."

Thus, is the Dodds household divided.

BEAT EFAW IN TEXAS

Mrs. Dodds, Erma, holds every confidence in her 23-year-old husband, a licensed minister. She feels that her favorite can beat anybody on the track, including the plucky Rice. And she's only hoping that this Saturday night will be the time.

The couple have three more years to live in this city, and she wants to make his debut an impressive one. She'll be rooting him home from the stands as she rooted for him when he beat Forest Efaw, Indiana, in Texas. Efaw has entered the B. A. A. event.

Gilbert has been working out at Boston College track with Coach Ryder while attending the Gordon School of Theology and Mission in the Fenway. He came under Ryder's wing on the recommendation of Lloyd Hahn, former mile great.

Dodds first worked under Hahn in Falls City, Neb., in high school.

Later, when he pursued religion in Ashland College, Hahn instructed Dodds by correspondence to bring the youngster up to his present high rating under Ryder.

TRAINED FOR MILE

Dodds' fourth experience on the boards was his second invasion of the Millrose games in New York last Saturday night. Dodds lost in the last lap to Rice after one of the best events on the card, leading the little Irish ace most of the way.

The Millrose run found Rice turning in an 8.52.8 time, with Dodds close on his heels at 8.53.7.

Dodds had trained for the mile run, according to Ryder, and if he had prepped for the two, he could have picked up the four yards different. This meeting may be different—with plenty of preparation and Rice slated to run in Philadelphia Friday night.

It begins to look as if the B. A. A. is back in the running with a distance man after a lapse of a good many years.

Wellesley Ballet Swims In Harvard Carnival

The Wellesley College water ballet, 16 winsome misses performing graceful aquatic stunts to a musical obligato, highlights an eye-filling, all-star water carnival tomorrow at the Harvard pool.

The carnival, sponsored by the Harvard A. A., features the competitive appearances of such feminine aquatic stars as Dot Leonard, Jane Russell and Ann Rogers of the Worcester Boys' Club; Jean Booth and June Costello of Cambridge; Evelyn Trainor and Rita Cadbois of Olneyville; Dorothy Kendrick of Wellesley, and Nancy Haslam, Ann Dick and Mary Rezendes of the Providence Boys' Club.

Ed Hall, defending title-holder in the N. E. A. A. U. 100-yard free style, Johnny Eusden, ranking Harvard sprinter, Bill Despres of Olneyville, and Crimson diver Shaw McCutcheon head a galaxy of male competitors.

Four championships will be at stake, including the N.E.A.A.U. 100-yard free style, the N.E.A.A.U. Junior 100-yard free style for women, the National A.A.U. Junior 200-yard free style, and the Mass. State 100-yard backstroke for women.

Exhibition diving by Wellesley girls and Harvard divers will be one feature of stunts performed on the high board. Comedy diving, and a pajama race will show Crimson mermen at their humorous worst.

The entrants:

State 100-Yard Backstroke—Dorothy Leonard, Jean Booth and June Costello.

National A. A. U. Junior 200-Yard Free Style—Boys' Club of Boston, Providence Boys' Club, Olneyville Boys' Club, Newton Y. M. C. A., Dartmouth and Harvard.

N. E. A. A. U. 100-Yard Free Style—Edward Hall, John Eusden, Bill Despres, and others at starting time.

N. E. A. A. U. Junior 100-Yard Free Style for Women—Jane Russell, Ann Rogers, Jean Booth, Evelyn Trainor, Rita Gadbois, Dorothy Kendrick, Nancy Haslam, Anne Dick, Mary Rezendes.

100-Yard Free Style Relay—Eight Harvard houses for House championship.

50-Yard Pajama Swim—Eight Harvard houses.

HAPPY DAYS FOR GOLF DUB

CHICAGO, Feb. 10 (AP)—If you've always been on the losing end of a perennial battle to break 100 in golf, stick to your guns. The rubber shortage ay get you over the hump this year.

The nation's greenkeeping superintendents, in conference here, evision a duffer's paradise—fairways unsullied by trees or sand-traps, roughs that are close-cropped and some of the most heartbreaking water hazards dried up.

The alterations will be the result of both economic necessity and belated sympathy for the dub in action.

Rubber shipments for the manufacture of golf balls have been shut off. So when a player loses all his balls, it is pointed out, the course loses a paying customer.

Badminton Keeps 'Em Flying, Too

CHARLOTTE, N. C., Feb. 10 (AP)—The American Badminton Ass'n, representing the largest single covey of bird-batters among more than 100,000 of the country's devotees, is pushing ahead at double time.

Adon Smith, tournament chairman, reported here today that 42 state and sectional tournaments already had been sponsored and that many more are being scheduled leading up to the nationals in Durham, N. C., April 2, 3 and 4.

Smith said that the game of badminton need not suffer for lack of supplies.

"All of our badminton equipment," he said, "is on the free list. Rackets, birds and nets call for no use of steel or rubber or other materials on the priority lists."

Crack players from all over the country are expected to play in the Duke indoor stadium in Durham. Contingents of over 50 are registered from Southern California, from Chicago and from Boston.

BEAVERBROOK JOB OUTLINED BY CHURCHILL

LONDON, Feb. 10 (AP)—Prime Minister Winston Churchill told the House of Commons today that Lord Beaverbrook, Britain's newly-appointed minister of production, will represent Britain in various pooling arrangements with the United States in a capacity corresponding to that of Donald M. Nelson, head of America's War Production Board.

Churchill enumerated Beaverbrook's duties as follows:

He will be charged with the prime responsibility for all business of war production in accordance with the policy of the minister of defense (Churchill) and the war cabinet.

He will have charge of allocation of available resources of productive capacity and raw material, including arrangements for their import; settlement of priorities of production where necessary, and the supervision and guidance of the various departments concerned.

He will be left the unaltered right of any ministerial head to appeal to the minister of defense or the war cabinet.

He also will be the minister responsible for handling, on behalf of the war cabinet, the discussions of combined bodies set up here and in the United States to deal with munitions and assignments of raw materials as between Allies.

When Arthur Hopkinson, Independent, asked if Churchill would note that "his announcement produced no sign of approval in any part of this house," the prime minister agreed to arrange for general debate on the subject if the House desired it.

A. D. Story, Manchester, N. H., writes: "I suffered from a sour stomach for many years and was treated by several doctors but could not get relief. X-ray examination showed an ulcer due to gastric hyperacidity. A friend asked me to try Von's Tablets. I did, and sure received prompt relief. I didn't lose any time from my work and feel good and gained back the weight lost because of the over-acid stomach condition, and have a good appetite. I think Von's are remarkable for acid stomach trouble." If you suffer symptoms from Indigestion, Acid Stomach Upsets, Gastritis, Heartburn, Bloating, Sour Stomach, Pains After Eating or any other stomach distress due to gastric hyperacidity, you, too, should try Von's for prompt relief. No rigid liquid diet. Get FREE samples and details of trial offer with money back guarantee if not satisfied. Instructive booklet is included. Write, 'phone HAN 7930 or visit

Wrecked Normandie Capsizes

Continued From Page 1

—dipped her fire-blackened superstructure to the water's surface.

The crunch of ice and a final belch of smoke and flame marked the settling of the sea giant while spotlights played on her toppling hulk.

Hope that she could be salvaged was expressed by Rear Admiral Adolphus Andrews, commandant of the Third Naval District, as he ordered the big ship abandoned three hours before it rolled over.

At that time a 21-degree list had developed and the "clear ship" order was taken as a precaution against loss of life. The pier also was cleared.

"I dont believe the fire was caused by sabotage," Admiral Andrews said. "There was nothing to indicate it."

A big hole was cut in the ship's starboard side to allow water to be pumped into tanks amidships, he explained, in an attempt to offset a list to port by settling the ship more firmly on the bottom, but the pressure of the tide counteracted this emergency measure.

The erstwhile blue-ribbon Normandie, once glistened with smart black and white paint; this gave way to wartime gray. Now she is a shroud-like black, red mud swirling about her hull.

now closing in and that additional fresh troops which were landed recently are moving toward the embattled peninsula.

Meanwhile the Army revealed the torpedoing and sinking in the Hawaiian area of the small U. S. Army transport Royal T. Frank, with an apparent loss of 29 persons. Thirty-three survivors were reported safely in port.

Also reported was a minor aerial battle between U. S. Army pursuit ships somewhere in the Netherlands Indies, in which one Japanese was destroyed.

Nazis Report 8 Sinkings Here

ENEMY REPORT

BERLIN (from German broadcasts), Feb. 10 (AP)—German submarines operating in the Atlantic have sunk eight more merchant ships, totaling 50,500 tons, and a corvette, a special announcement broadcast by the Berlin radio said today.

Six of the ships, totaling 34,500 tons, were said to have been sunk off the North American coast.

Factory Workers Solve Tire Problem By Buying a Bus

ROCKFORD, Ill., Feb. 10 (AP)—Twenty factory workers who commute the eight miles between Rockford and their homes in Winnebago have formed a club and bought a school bus to save tires of 12 or more private automobiles.

The men, employed at the J. I. Case Co. plant, organized and applied for a state charter. Two have applied for chauffeur's licenses to operate the bus, now being reconditioned.

HOW U. S. SHIPS TRICKED JAP IN MACASSAR

BATAVIA, N. E. I., Feb. 10 (AP)—A group of United States destroyers was credited by authoritative sources with delivering the main setback to the Japanese naval and troop expedition in a daring action in Macassar straits during the running battle of Jan. 23-26.

"One evening four American destroyers sighted a Japanese cruiser sailing southward down the straits of Macassar," said this souce.

"The cruiser was near the Borneo coast.

"The American destroyers advanced toward it, and as they got nearer they spotted a line of three Japanese destroyers behind the first cruiser and finally two more destroyers behind these.

"On the shore side of the protecting line of warships were a number of Japanese transports laden with troops and equipment.

"The American destroyers charged full steam ahead at the middle of the line of protecting warships.

BREAK THROUGH LINE

"By then darkness had descended.

"They broke through the line, firing furiously at the Japanese warships, and as soon as they were between the line of warships and transports they swung northwards and raced between the two lines of Japanese ships but going in the opposite direction.

"There guns fired throughout at the Japanese warships which swung around and chased the American warships northwards, leaving the transports they were protectinf completely uncoverel.

"As the American destroyers, pursued by two Japanese cruisers and five Japanese destroyers, sped northwards the Americans ran into a rainstorm which made visibility bad.

JAPS TRICKED

"All the American ships executed an about turn and steamed back toward their original objective.

"The Japanese did not see them turn and continued northward, thinking they were still chasing the Americans.

"Thus free of the Japanese warships the Americans were able to come down in full force on the unprotected line of Japanese transports.

"They made full use of their hard-worn advantage, sinking several of the transports.

"They completed their work and returned to their original base before the Japanese warships found out what had happened.

"The American destroyers came out of the action almost unscratched."

Salween Town Falls, Japs Say

ENEMY REPORT

TOKYO (from Japanese broadcasts), Feb. 10 (AP)—Japanese troops entered Martaban, at the mouth of the Salween river in Burma, today, Domei reported.

Martaban, on the west bank of the Salween, is opposite the port of Moulmein, which fell 10 days ago.

The town, a center of British resistance for the past week, was occupied at 2 p. m., local time, the agency reported.

(The British communique acknowledged today there had been contact with a small enemy force north of Martaban, but did not make clear whether the Japanese had crossed the broad Salween.)

Martaban is about 100 miles across the tide-swept Gulf of Martaban from Rangoon, chief port of the Burma road.

British Subs Bag 3 Convoy Ships

LONDON, Feb. 10 (AP)—British submarines have sunk one Axis supply ship and torpedoed two others, one of which almost certainly sank, in new attacks on enemy transport lanes in the Mediterranean, the Admiralty announced today.

Each of the ships was in a separate convoy, the Admiralty said, and in all three attacks the British submarines struck despite heavy protection for the convoys, including planes.

The Old Jalopy Preferred Death To Rationed Tires

DUBUQUE, Ia., Feb. 10 (AP)—It was a gleeful Dubuque County farmer who walked out of his tire rationing board office with an order to purchase obsolete tires for his ancient car, but the next morning he returned and surrendered his certificate.

"What's wrong?" asked the clerk.

"I wrecked the car last night," he responded.
